

Claim \$50AGGL for Joining aggle.io, the first AGGL Sportsbook Now!

Have you ever imagined having the power to set your odds at a sportsbook? or do you wish to earn crypto while betting on your favourite sports game? Well, who wouldn't want all these? But are they possible, you say? Yes, they are! These features and more are what exactly aggle.io offers you!

aggle.io is the solution for bettors looking for a heightened experience when gambling on sports online. It is a big break away from wagering at standard Indian sports betting sites. The app features a **new and unique model** to bookmaking.

First and foremost, one of the most attractive features of Aggle is that it is based on the **Binance Smartchain**. If you are familiar with the blockchain network, then you will understand some of the perks of this app. Every action on the platform is transparent, automated and secure.

Furthermore, Aggle primarily supports the use of AGGL. So here is your chance of earning and holding the BEP-20 coin that comes with advanced features like **bot protection**. The platform also makes it easy for you to **swap AGGL directly on the website** with the aid of secure and fast payment options. What's more? It's likewise simple to convert AGGL to any coin or fiat currency of your choice. There are no limitations to the number of coins you can earn or withdraw.

Another big and unique advantage of betting on aggle.io is that you get to **be the bookmaker and set odds yourself**. As a result, Aggle offers one of the highest odds in the global sports betting market.

Unlike traditional sportsbooks, Aggle wants everyone to win or benefit from the platform. With the bookmaking abilities the app offers, you would find winning easy and achievable. You will be surprised to know that with all the wonderful features Aggle provides, it only **charges 1%** overall on your transactions on the platform! Yes, just 1%! Lower than the average betting companies cut of 4-9%.

Aggle gives you all these rewarding features without compromising on your sportsbook options. You will be able to wager on various games like cricket, football and basketball. The sportsbook also offers competitive betting markets and leagues.

So here is why you should register on Aggle now, and thinking about it may be a shade late. The site is currently offering a promotion to Indian players. The **first 250 people** who sign up and join its dedicated [Indian telegram community](#) will get a **Freebet worth \$50AGGL**.

How sweeter can it be? To get \$50 worth of AGGL for joining a platform that would benefit you in the short and long term. Apart from the excellent sportsbook offers, think of the benefits you can get from joining the community? **Ability to interact with other players** and learn more skills and tricks, regular and **customized bonuses**, the list is endless! P.S- No sportsbook in India currently offers this big reward. So what are you waiting for? The early bird gets the worm! The offer closes soon.
