Hi there,

Everyone seems to be speculating about how AI will change the way we work and live in the future.

For those in talent acquisition, AI purpose-built for recruiting is already here and it's quickly transforming how businesses engage and hire talent!

Join our webinar **on 6/8 at 10 AM PT with Neerav Kingsland from Anthropic**, a leading AI organization specializing in general AI systems and language models.

We'll take a **deep dive into**:

- The current state of AI and its applications across business operations
- Anthropic's principles for "Constitutional AI"
- Misconceptions about the role of AI in recruiting
- The importance of leveraging recruiting data in addition to general LLMs
- Predictions on how AI will change recruiting
- A preview of the latest AI features and developments from Sense
