

Introducing Live Chat for talent engagement teams

Bring a human touch to your hiring process with live recruiter support, now available on Sense AI Chatbot

[Learn more →](#)

Hi there,

We're excited to announce the release of Live Chat in Sense. Live Chat seamlessly integrates chatbots and live recruiter support, bringing a more human touch to the candidate experience and streamlining your hiring process.

What exactly can Live Chat do for you?

- Instantly route qualified talent to a live recruiter to keep the hiring process moving forward.
- Connect interested job seekers with recruiters who can verify qualifications and answer questions in real-time.
- Provide candidate support using customizable queues based on location and language.

Want to learn how Live Chat can help you accelerate hiring, prevent drop-off, and delight candidates? Request a demo today!
