

Introducing Panel Interviews

The screenshot displays the Sense Scheduling interface for a panel interview. The main view is titled "Senior Data Engineer Interviews" and shows a list of interviewees on the left and a shared availability grid on the right. The grid is for the dates May 9-14, 2023, and shows availability for five interviewees across various time slots. The sidebar on the right shows a calendar for Wednesday, May 10th, 2023, with a "LIVE" button and a "CONFIRM" button.

Hi there,

Did you hear Panel Interviews is now live on Sense Scheduling?

Give your team's hiring efficiency a boost by enabling recruiters to effortlessly schedule on behalf of multiple interviewers at once.

Here's how we help:

- Speed up scheduling by pulling in all required interview attendee calendars and only show times that work for everyone.
- Warn recruiters and suggests next steps if there is low availability for candidates.
- Send customized reminders to all parties involved in the interview to reduce no-shows.
