Writing Their Own Sentences

Genre: Documentary/True Crime (WGA registered)

Title: Writing Their Own Sentences

Tagline: Like fingerprints, no two signatures are alike.

Logline: Some criminals "sign" their work by leaving handwritten evidence at the scene of the crime. Their ego-based gestures ultimately lead to their undoing; you might say they write their own sentences.

A team of experts will deconstruct cases from the perspective of handwritten evidence left behind and/or samples found to be that of the perpetrator.

The new reality show, *Writing Their Own Sentences*, will feature respected professionals (criminal profilers, handwriting analysts, document examiners, psychologists, attorneys, etc.) offering their own brand of specialized insight.
