

Course: **The Sensorial Materials of the Montessori Classroom**
For Caregivers

Link: www.lovejoylearn.com

An engaging how-to session for caregivers of children aged 0-5 years.

This course explores creating an optimal learning environment at home and develops understanding of how children learn through the senses and how the Montessori materials support building concentration through work and play. Includes activities for school, home and how to connect home and school learning experiences.

This course includes 1 hour of private consultation.
