

## Workforce Go! HCM

### Payroll, people, and time management in the cloud

Choose the modules you need or enjoy the full comprehensive suite of cloud-based Human Capital Management (HCM) tools. Integrate with Sage Intacct and other general ledgers.

### Workforce Go! HCM: Value

Recruit using best available resources thanks to links to outside portals and efficient applicant tracking. Seamlessly transition hired candidates with onboarding tools. Employees can even control many aspects of their own benefits administration. And ACA-compliance is a breeze with real-time updates. Automated HR management processes, time and payroll tracking feed into data reports for strategic analysis to support your growth.

### Workforce Go! HCM: Benefits

- ◆ **Comprehensive payroll reporting**  
Generate an array of reports accessible with the familiarity of Excel and convenience of email.
- ◆ **Secure data transmission**  
Keep your company's and employees' data private with profile-based functionality security, unlimited users security and RSA token authentication.
- ◆ **Benefits and insurance management**  
Communicate directly with providers to offer the best available benefits for employees and to maintain accurate records.
- ◆ **Affordable Care Act (ACA), tax filing, and Equal Opportunity Employer law compliance**  
HR and ACA modules are set up to connect your records to the latest labor law provisions and ensure your
