

Corey – Final Assembly Day In the Life Video Script

Prepared by [Melissa Winter] / [Freelance Writer to HERD]

Draft of [10/6/2019]

	AUDIO	VIDEO
	<i>[Insert description of VO or audio elements.]</i>	<i>[Insert description of visual style]</i>
1.	Final Assembly is where it all comes together.	Corey and others finalizing packages to ship; the back of a packed truck's doors closing and driving away.
2.	The team works together well ... we help each other out.	Two assemblers people working on a job together.
3.	Our job entails collecting steel and aluminum hardware parts to build and assemble bars. We palletize bars, then wrap and package them for shipment.	Assembler using a pallet and wrapping and packaging bars to ship. Close-ups of the steel and aluminum parts. Close-ups of bars on pallets and packaging.
4.	Continuous improvement plays a role every day in our area. We strive to excel as a team and make daily life in the workplace easier.	Employees laughing, maybe working together....making a joke?
5.	Other departments are very supportive of our team. They come to our area with a “hands on attitude” when we need extra help to succeed and hit our daily goals. It's appreciated.	Employees walking/arriving at final assembly and helping out. An employee from the other dept packing up parts. Corey shaking hands with an employee who has helped.
6.	One of Assembly's current challenges is when parts are not welded or pointed. Sometimes the parts we need are not even made. This is an ongoing issue we are trying to solve.	Staff searching for parts. An assembler holding up an unpointed part.

	AUDIO	VIDEO
7.	The department goal for the future is to continually improve and be better organized for C4-02 5S.	Show what C4-02 5S refers to.
