Dear Melissa Winter,

Punch up your look with an eye-catching bib statement piece!

We're seeing them all over the catwalks and on Hollywood's elite: beaded bib necklaces. Now create this chunky chic style at home with just-in bib connectors. The techniques are easy, just create simple loops and use eyepins to string on beads, chains, charms and more. Our designer So Vang used fanciful Czech dagger beads, colorful Miyuki seed beads and fringe-like chains in the designs shown.
