

**Profile** 

Through the implementation of SEO strategies, I improve online visibility, draw in targeted audiences, and increase engagement for the media company I represent. As both an associate editor and editor-in-chief for various printed publications as well, pick-up rates for our magazines have successfully raised multiple percentages under my guidance.

I excel in dynamic environments with a collaborative team, while also enjoying the opportunity to work independently on projects I'm passionate about. I am dedicated to helping individuals, communities, and organizations flourish and achieve their full potential in both digital and print realms.
