Re: Kendall Riley – Letter of Recommendation

To Whom It May Concern:

I have known Kendall Riley for the past 22 years. I have always been impressed with Kendall's leadership abilities and enthusiasm with whatever tasks she is involved in. She is well liked and respected among everyone that she comes into contact with.

Although I have known Kendall's family for many years, most of my interaction with Kendall has been centered around her involvement with the Sunshine Church of Christ where I have served as an Elder/Deacon for the past 24 years. She has always interacted with her peers, adults and children of various ages and backgrounds with great ease. Her involvement with Youth Programs, Summer Camp and Foreign Missions have always been an important aspect of her daily/weekly activities.

Kendall has been a volunteer counselor for the past 3 summers at a Christian Youth Camp that I direct. She has served her duties extremely well, I trust her completely and look forward to many years of her involvement at summer camp!

I am confident that Kendall would be a great asset and represent your organization with great class. I would highly recommend her for any position within your system. I would be happy to answer any other questions you may have.

Sincerely,

A handwritten signature in black ink that reads "Shaun A. McCray".
