HEAD COACH'S NOTES

Good afternoon and welcome back to Mill Farm for the first game of the new season. It's a real privilege to be writing these notes as Head Coach of AFC Fylde. I'm proud to be leading this football club into what we all hope will be a successful and memorable campaign.

I'd like to offer a warm welcome to everyone connected with Oxford City – their players, staff and travelling supporters. We wish them well for the season ahead after today.

The opening day always brings a sense of excitement, anticipation, and a few nerves – but that's exactly why we do what we do. As a group, we've worked hard over the summer to prepare properly for this moment.

From day one of pre-season, the message has been clear: raise the standards, push the boundaries, and build something that reflects the ambition of this club.

This is a fresh chapter. We know the National League North is relentless – every game brings a new challenge, and no one gives you anything for free.

But we also know what we're capable of. We've got a talented group who want to learn, improve, and do things the right way. What's been pleasing is the attitude and togetherness in the dressing room. We've created a strong foundation — now it's about applying that when it matters most.

We've added a few new faces to the squad who we believe will strengthen the team and bring real quality to the group. Each of them offers something different, and together we're aiming to build something that players, staff, supporters, and the whole club can be proud of.

A strong dressing room is vital to that, and we're committed to creating an environment where players enjoy coming in every day, feel valued, and want to give their best.

To the supporters – thank you for your backing so far. You play a huge part in what we're trying to achieve. This is your club, and we want to give you a team that reflects your passion and your pride. The energy you bring to Mill Farm will be crucial this season – especially in the big moments.

Today is just the start, but we're ready. Let's attack the season together.

Enjoy the game!

Craig Mahon

**“THERE’S NOTHING LIKE
THAT MATCHDAY FEELING”**

CAPTAIN'S CORNER

Hello and welcome back to Mill Farm for this afternoon's National League North opener against Oxford City. I'd like to wish a warm welcome and safe journey to everyone connected with Oxford City for this afternoon's clash on the Fylde Coast.

Whilst last season's outcome was obviously not one that anyone at the club wanted, we're all really excited about the year ahead, and there's a very good buzz around the place.

Craig Mahon has brought in fresh ideas and new philosophies, and it feels like he is building a really strong culture at the football club.

The Gaffer and his assistant Alex Kenyon have demanded certain things of us as players, and the standards have improved day by day since they arrived in PR4.

Ahead of this season, I think everyone's ambition is to get promoted. We've brought in some really strong players who have not only EFL/National League experience, but also a winning mentality, which should see us become a lot stronger this season.

Pre-Season has been good, and we're already feeling a lot fitter than last season. We've had some strong tests against good sides, which has shown us exactly where we're at and what we need to work on to get to the level the Gaffer wants us to be at.

We've had some really good displays against the likes of Bamber Bridge and Lostock St Gerard's, and I think we saw in the performances against Carlisle and Lancaster where we need to improve, so it's been a productive few weeks.

Ahead of our return to Mill Farm, we're all excited to get back out in front of our home supporters. Friendlies are great for fitness, but there's nothing like that matchday feeling where there's a competitive edge with points on the line

With that being said, it'll be great to see all of our supporters again, and we'll need everyone right behind us. The seasons are always long, and whilst we take it game by game, we need Mill Farm to become a much more difficult place to come for opposition clubs and the terraces play a huge part in that.

Sing loud and proud, get right behind the lads and let's make this a season to remember.

Enjoy the game,

Corey

TUESDAY 22ND MATCH BAMBER BRIDGE 1

In our first Match Replay of the new campaign, we take a short trip to PR5 as AFC Fylde earned a comprehensive win at Bamber Bridge after running out 7-1 winners.

A Charlie Jolley brace, a wondergoal from Max Taylor, and strikes from Danny Ormerod, Lincoln McFayden and two trialists proved the difference as Craig Mahon's side hit Brig for seven on the night.

Charlie Jolley was fast off the mark and tested the Brig 'keeper inside the opening minute, seeing a deflected effort tipped around the post.

Within three minutes, Jolley had his name on the scoresheet. After beating the offside trap, the number seven rounded the Brig goalkeeper before slotting home to put the Coasters 1-0 up.

New signing Max Taylor went close to doubling the Coasters' lead with a header from a corner, which sailed just over.

Brig had an opportunity just before the 20-minute mark with Harry Scarborough going one-on-one with Fylde's trialist 'keeper, but the Fylde man did well to keep the effort out.

The hosts did level it up after 25 minutes with Simon Grand getting on the end of a free kick to equalise.

It didn't take long for Fylde to reake the lead, and it was Charlie Jolley once again who ran onto a great ball by Jon Ustabasi and calmly slotted the ball past Dowling to put Fylde back ahead.

Fylde's Trialist 'keeper was called into action just before the interval as he tipped an effort from Emerich Poilly onto the upright before Fylde cleared the danger.

REPLAY

7 AFC FYLDE

There were three changes at the interval with Zac Jones, Jack Morris and a trialist all being introduced for Craig Mahon's side.

Taelor O'Kane showed a great bit of skill to skip past his man as Fylde searched for a third, but his drilled cross evaded everyone in white.

Just before the hour mark, Max Taylor produced a moment of magic as he took a quick free kick inside his own half, which lobbed the Brig 'keeper to score a wonderful goal and make it 3-1 Fylde.

Fylde made several changes moments after, with the likes of Corey Whelan and Danny Ormerod all getting half an hour under their belts.

Lincoln McFayden was straight into the action and had his name on the scoresheet after a lovely, free-flowing move from Fylde saw the left back slot into the far corner to make it four.

Fylde were scoring goals for fun and quickly added two more to their tally with two trialists getting on the scoresheet. The first was a brilliantly converted finish after Danny Ormerod played the ball across, before another finish at the back post made it six.

There was time for a seventh as Danny Ormerod got in on the act, meeting McFayden's cross from the left and converting to make it seven for the Coasters.

That was it for the goalmouth action with Fylde running away with the contest in the second 45 as Craig Mahon's attention turns to facing Morecambe at Mill Farm this Saturday.

LAST SEASON

19th
(National league North)

Ross Jenkins

AFC Fylde's first fixture of the 2025/26 National League North season see's Oxford City visit Mill Farm on Saturday afternoon. In what will prove to be Craig Mahon's first competitive game in charge, the Coasters will be hoping to get off to a winning start in the new campaign.

In the opposition dugout for our first test of the new season is former Watford midfielder Ross Jenkins. The 34-year-old starting his player career in Watford, making his competitive debut whilst still an academy scholar in a league cup game against Bristol Rovers. Also an England Under 20 international, Jenkins made nearly 150 appearances as a player before joining Oxford City as a coach.

Following the departure of David Oldfield, Jenkins took temporary charge before earning the job on a full time basis. He won promotion to the fifth tier for the first time in the club's history in 2022/23, defeating St Albans 4-0 in the play-off final, but couldn't keep the Hoops in the division in the season after. After a stint in charge of Boreham Wood, Jenkins returned to Oxford last September and leads the Hoops into the 2025/26 season.

KEY THREE: Tom Scott

A Young midfielder who came through the academy ranks at Sunderland. Scott signed for the Black Cats after catching the eye at Northampton Town.

He made one senior appearance for Sunderland in the EFL Trophy against Manchester United U21's, before signing for Banbury United last summer.

He joined Kettering Town before linking up with Oxford City after impressing on trial.

Josh Parker

Striker Josh Parker dropped out of the EFL for the first time in his career to join Oxford City.

A distinguished career has seen the number nine represent the likes of QPR, Oxford United, Red Star Belgrade, Aberdeen, Gillingham, Charlton Athletic and Wycombe Wanderers.

He is also a seasoned international for his nation Antigua & Barbuda and has scored five goals and captained the Caribbean nation.

Parker hit the ground running at Oxford City, even winning the Vanarama National League South Player of the Month award for a stellar month for the Hoops.

Zac McEachran

McEachran first joined Oxford City as a 17-year-old, however had a brief hiatus across Oxfordshire with Banbury United before rejoining the Hoops.

The highly influential player comes from a family of footballers, with brothers Josh and George playing for Oxford United and Grimsby Town respectively.

He passed 250 appearances for the Hoops in the 2022/23 campaign, and scored important goals in both play-off fixtures in City's promotion season.

CHARLIE JOLLEY

**“IT’S BEEN A GOOD FEW
WEEKS FOR ME AND IT’S GOOD
TO GET BACK SCORING”**

PLAYER INTERVIEW

Ahead of this season's National League North campaign opener, Charlie Jolley sat down with The Coaster to discuss Pre-Season and the campaign ahead. Jolley joined the Coasters last season, arriving following the expiry of his contract at League Two side Tranmere Rovers.

Prior to that, Jolley came through the ranks at Wigan Athletic, making his Latics debut in May 2019.

Despite being a tough year on the Fylde Coast, Jolley made 11 goal contributions in the National League last season, scoring seven times.

Ahead of the new campaign, Jolley was in impressive form across pre-season. After scoring braces against Lostock St Gerard's and Bamber Bridge, he also added a fifth goal in our final friendly against Lancaster before heading into the season opener.

Speaking on his Pre-Season form, Jolley said: "It's been a good few weeks for me and it's good to get back scoring, but as a team there's still plenty for us to work on.

"The Gaffer is trying to implement his ideas and philosophies and it's up to us to take that on board ahead of the new season which kicks off this weekend.

"I'm 24 and I've played a fair bit of football, so it's on us as the more experienced lads to pass on our knowledge to the younger players which will help us as a collective in the long term."

Jolley has also been recently reunited with his old teammate Chris Merrie. The duo have featured together at both Wigan Athletic and Tranmere Rovers where the pair made a close bond.

Speaking on the arrival of his old friend, Jolley added: "Chris is not only an unbelievable player but an unbelievable person.

"He's a brilliant signing for the football club and I know what Chris can do so I'm buzzing to be back playing with him."

Finally, ahead of getting into competitive action, Jolley concluded: "That's the type of football we're all here to play for (competitive).

"It's a long season so you have to take a game at a time, but we're looking forward to the Oxford game, and we'll hopefully get three points and start the season off on the right foot."

COASTERS COMMUNICATION

Over the summer, AFC Fylde made a huge effort to improve the digital outlook of the football club, signing a deal with market leaders Urban Zoo which saw the club launch a brand new website and app.

The club recognised the importance of having an up-to-date online presence and has invested a lot of time into making sure the product is one that is suitable for all audiences who are interested in AFC Fylde. The new website and app are immediately a lot more responsive compared to our previous site, with a completely revamped section for our Coasters TV set up.

With a personally-branded design and a responsive output, Urban Zoo and their Gamechanger platform has been developed and designed by professionals who have worked in sports clubs, so have a good understanding of usage and requirements. Some of their current clients include Aston Villa, Celtic, Blackpool, Everton and Sheffield United.

The new app, which is suitable for both Android and iOS users, will be beneficial for the supporter's experience, whilst also providing huge benefits to businesses who wish to advertise their company with the football club.

Along with a deal with leading staticians, Opta, Coasters fans will now be able to get updates both via the website and app within our match centre, so you can keep up to date all the way through the game.

Included within the new site is a brand new online club shop, which has been rebranded and modernised, ahead of the activation of our new Kit Apparell partnership which will soon see Surridge Sport and The Team Stop introduce a range of new and exciting products which will be available in person and online.

Speaking on the partnership, Urban Zoo's Chief Commercial Officer, Rob Moore, said: "Offering powerful functionality combined with ease of use for busy club editorial teams, the Gamechanger platform is ideally suited to AFC Fylde's needs. The club has big ambitions and we look forward to supporting them on that journey."

AFC Fylde's Media Executive Josh Knowles added: "We're absolutely delighted to have partnered up with Urban Zoo to create a brand new digital outlook for AFC Fylde.

"Ourselves and the team at Urban Zoo have worked tirelessly over the past few months to create an online experience which supporters can get the most from. We wanted the website and app to be of EFL standard and we believe it is exactly that.

"As a club, we're feeling really positive about the media outlook which is now coming to fruition, and with plenty of content planned over the coming months, the website can be at the heart of our digital footprint and one which we're all really pleased to be associated with. With a new ticketing system to add into the site before the first pre-season friendly, our media outlook will have had a complete refresh from last season.

"I'd like to say a huge thank you to all the team at Urban Zoo for their continued support over the last few months and we look forward to strengthening the partnership over the coming years."

AFC FYLDE X HER GAME TOO

AFC Fylde are proud to announce a partnership with the well-known campaign 'Her Game Too', promoting gender inclusivity in sport.

Her Game Too was founded in May 2021 by a group of passionate female football fans - upon the values of support, empowerment and progress, with the aim of creating an ethos within football, both online and in real life, that is more welcoming and inclusive of women.

The Coasters are now officially affiliated with the campaign and will be hosting a dedicated Her Game Too fixture later in the season, with more details to be confirmed in due course.

Danny Murphy is currently preparing for his first full season in charge of AFC Fylde Women, and whilst the club prepares for what promises to be a season full of excitement with a young and hungry group of players and management staff, we are promoting inclusivity now more than ever at Mill Farm.

With a much more detailed focus on our Women's team, with an effort to promote a one-club feel wherever possible, the football club felt that the next appropriate step was to affiliate ourselves with the campaign, with an AFC Fylde supporter becoming the club's Official Her Game Too Ambassador.

With projects such as our recent Volunteer Day at Kellamergh Park, and our Women's team having their own Media Day, the Women's set up has been receiving a lot of attention as it grows and grows in PR4.

With a new and exciting Women's Academy set up also in place, the pathway for young girls to make a career at AFC Fylde has never been stronger, and it's an exciting time to be a part of AFC Fylde Women.

Speaking on the new partnership, AFC Fylde's Fan Engagement Officer Rhiannon Kearney said: "We're absolutely delighted to have partnered with Her Game Too.

"It's fantastic to have our football club associated with such a renowned brand, and what they stand for is really important for me on a personal note, as well as everyone at the football club.

"We're really looking forward to working with both the campaign and our future ambassadors to keep progressing and ensuring Mill Farm is a place where everyone is welcome."

AFC Fylde Women's Head Coach Danny Murphy added: "We're delighted to partner with Her Game Too, it's a fantastic campaign and one we're delighted to be a part of.

"We've made a huge effort to ensure the girls feel a huge part of the football club, and this partnership only strengthens that philosophy."

Everyone at the club is delighted to see the partnership with Her Game Too, and we all look forward to working with the campaign to ensure AFC Fylde remains inclusive for everyone who wishes to be involved with our football club.

AFC Fylde vs Solihull Moors (10th August 2024)

Nick Haughton's hat-trick saw AFC Fylde come from behind to earn a thrilling 3-2 home win over 10-man Solihull Moors on the opening day of the Vanarama National League season at Mill Farm.

Nick Haughton's hat-trick saw AFC Fylde come from behind to earn a thrilling 3-2 home win over 10-man Solihull Moors on the opening day of the Vanarama National League season at Mill Farm.

Fylde were in front within 10 minutes after Haughton whipped his free-kick into the top corner prior to Owen Evans' own goal and Jack Stevens' strike turning the clash on its head.

Haughton scored his second free-kick of the afternoon to restore parity 11 minutes after half-time, with Joss Labadie also sent off for the visitors.

The match winning moment came after 83 minutes when Haughton bent a superb strike with his left foot into the top corner to earn the three points.

Corey Whelan led the Coasters out having been named as team captain, whilst new loan signing Patrick Gamble was amongst the substitutes after signing from Blackburn Rovers.

The Coasters' first goal of the campaign came in the 10th minute through Haughton's right-footed free-kick from the left, with his strike curled beyond goalkeeper Laurie Walker and into the top left-corner.

Andy Whing's Moors were back level on 29 minutes when Evans turned Matty Warburton's deflected cross from the left beyond his own goalkeeper Theo Richardson.

Nine minutes later, Fylde were behind after Warburton found Stevens in the box following a passing move, who shot under Richardson and into the bottom right-corner.

Fylde started the second-half on top as they attacked the North Stand. In the opening minutes, Evans won back possession to drive forward and thread Jolley in on goal, but his strike from the left edge of the box was charged down by Clarke.

Fylde were back on terms with 56 minutes played after Ustabasi was fouled on the edge of the box. Haughton struck his right-footed shot low across the turf and under the wall which beat Walker.

Solihull were reduced to 10-men on 58 minutes when referee Elliott Bell dismissed Labadie for a second bookable offence.

Haughton completed his hat-trick on 83 minutes. Following good build-up play, the Coasters' number 10 struck a left-footed bullet into Walker's top right-corner which proved the decisive moment.

The strike proved to be the winner as the Coasters held on through the nine additional minutes to beat Solihull and get three impressive points on the opening day.

COASTERS IN THE COMMUNITY

FYLDE ***ON FOOT***

AFC Fylde Community Foundation team is taking big strides; presenting our 'Fylde on Foot' fundraiser.

On Sunday 21st September, staff, partners, stakeholders, and beneficiaries will walk across the Borough of Fylde to raise vital funds to provide disadvantaged children and young people in Fylde access to funded sports provision in their local area.

For every £10 that is donated, your money will feed two children who receive means-tested free school meals during term time but go without this support during half-terms.

As a result of your generosity, we are proudly able to continue supporting these families throughout times of need, and ensure as many children as possible maintain a positive relationship with physical activity and social engagement.

Our target is to raise a minimum of £2500 which will provide no less than 100 available free spaces over the course of our half-term holiday camps.

Starting in Elswick and finishing in St Anne's, the 20-mile route will shine a light on the real challenges faced by many in our community, especially young people who face challenges to access services and provisions due to financial, transport, or accessibility barriers.

Along the way, we will be stopping off at local community points that showcase and celebrate the work we do across the Borough, thanks to the incredible support of our partner organisations and funders.

We are encouraging everyone to get involved - whether you join us for the full distance or you come along for a small part, we would love to see as many people as possible supporting our community.

Deputy Chief Executive Officer, Brett Whitehead, said: "Coming together as a team - and as a community - is something I'm really looking forward to being part of."

"When it comes to fundraising, we believe it's important that people see exactly where their money goes and the difference it makes. Every penny raised through our 'Fylde on Foot' fundraiser will help provide free places for disadvantaged children on our October half-term camps, ensuring that no child misses out on the chance to play and be active because of financial barriers."

"This walk is about more than just raising money - it's about connection. It's a chance to walk side by side with our participants, stakeholders, and local residents. Along the way, we'll be stopping at key locations to celebrate and showcase the wide range of projects we deliver through the Foundation."

"We aim to highlight the breadth of support the Foundation offers across Fylde, demonstrating both our wide-reaching impact and the real challenges many people face in accessing the support they need."

If you would like to donate, please scan the QR code provided.

If you would like to get involved with the fundraiser in some capacity, please email: community@afcfylde.co.uk

Welcome to the new football season!

The start of the football season is the most magical time of year for hope and joy.

There's nothing like the start of a new football season. Blank pages waiting to be filled with the next chapter of history. For supporters this weekend means normal service has resumed. This is the most optimistic time of the whole year: when the hope-batteries have been recharged and anything feels possible.

Have a great season.

Supporters Group AGM

The Supporters Group AGM was well attended on Thursday 24th July 2025 in Churchills at Mill Farm. The meeting elected a committee and Secretary, Treasurer and Chairman. It was a very positive and enlightening evening with presentations from Danny Murphy, Women's Manager on lessons learnt from the previous season and the plan going forward and from Brett Whitehead, Deputy CEO from the Community Foundation on the service provided by the organisation.

The evening concluded with a Question & Answer session with Stewart Mairs, Director of Football; Craig Mahon, Head Coach; and Craig Dootson, COO where supporter's questions were answered and information on various football matters given.

FLASHBACK

OXFORD CITY 1-8 AFC FYLDE - 6TH SEPT 2014

In our first Flashback game of the season, we look back on a famous Coasters win as AFC Fylde ran out 8-1 winners over today's visitors back in September 2014.

On what was a memorable Non League Day for Dave Challinor's side, braces from Ritchie Allen, Danny Rowe and Michael Barnes proved a hand in helping Fylde cruise to victory in Oxfordshire.

Richie Allen began the rout in the 13th minute before adding his second three minutes later. The home side pulled one back on 25 minutes through Daren Pond but the two goal deficit was restored by an own goal five minutes later.

Oxford reformed and moved to three at the back making a substitution on 36 minutes and from that point Fylde took full control adding a fourth through Danny Rowe, a fifth from Liam Tomsett and a sixth from Mike Barnes – all before half time.

The goal rush didn't quite carry on into the second half but Fylde still managed another two through Rowe and Barnes to seal an unbelievable victory.

Allen's two strikes came within three minutes of one another, his first being a cool finish after rounding the City 'keeper, before he beat the offside trap and rounded the keeper again to slot home for his second.

After Oxford pulled one back, Fylde hit straight back to restore the two goal advantage, with Adam Sumner's cross being deflected into his own net by Josh Green.

Danny Rowe added a special fourth with a 30-yard free kick which blasted through the wall and past the outstretched Oxford 'keeper, all before Liam Tomsett scored his first for the club with an expert lob first time after reaching a pass from Potts.

Allen almost had his hat-trick before the interval but after his effort was cleared off the line, Barnes gathered the ball and slotted home for number 6 before the break.

With the contest over from then, Fylde added two to their tally in the second 45, with Rowe adding his second of the afternoon, taking the ball down from Ben Hinchcliffe's long punt forward before lobbing Scott to make it seven.

There was time for Fylde to make it eight before the final whistle, with substitute Danny Lloyd sending a great cross towards the back post where Barnes grabbed his brace and Fylde's eighth.

THE TEAM BEHIND THE TEAM

Hello and welcome to today's game against Oxford City! I'm Jack Tomlinson, Head of Football Administration at AFC Fylde. As part of our 'Team Behind the Team' series, I wanted to take this opportunity to introduce myself, share a bit about my journey so far, and explain what I do here at Mill Farm.

My career in football started during my time at the City of Liverpool College, where I studied Business. In my first year, I wrote to nearly every Football Club in the North West asking for work experience—and was fortunate enough to be offered an opportunity at Oldham Athletic, supporting their Club Secretary twice a week. That experience quickly developed into the role of Assistant Secretary and, 12 months later, I was promoted to Club Secretary at Oldham Athletic — making me the youngest Club Secretary in the EFL at the time, aged just 19.

After two years at Oldham, I moved on to Swindon Town as Club Secretary and Player Liaison Officer, before stepping up to League One with Bristol Rovers in the role of Club Secretary.

I joined AFC Fylde in April 2024 as Club Secretary and in May 2025, became the Head of Football Administration.

In the build-up to home fixtures like today's game against Oxford City, our Fixture Secretary, Phil Heald, and I liaise closely with the Match Officials and the opposition club to confirm fixture details, kit colours, supporter arrangements, and complete all pre-match documentation. This is then shared internally to make sure everything runs smoothly on matchdays.

For away matches, I coordinate travel logistics — booking the team coach, pre-match meals where applicable and hotel accommodation where required. I work closely with our Head Coach and Head of Performance to ensure all arrangements meet their needs, helping to give the squad the best possible preparation.

I'm also responsible for drafting all Player contracts, Transfer Agreements, and Loan Agreements. When we're looking to bring a player in, I work with our Director of Football to ensure all agreed-upon terms are accurately reflected. Once signed, the paperwork is uploaded to the FA and National League systems for approval, and the player is registered and assigned a squad number.

Additionally, Phil and I monitor player discipline and eligibility to keep our Coaching Staff informed when a player is nearing or serving a suspension.

I hope this has shown an insight into my role, and I'm thoroughly enjoying my role here at Mill Farm. We're all very excited to get back into the swing and things, and we're hopeful of getting off to a good start on the pitch this afternoon against Oxford City.

Thank you for your continued support — we hope you enjoy today's game and the season ahead!

Jack
