# Parramore Community Garden: **Pride Grows Here**

The Parramore Community Garden was founded in 2009 to address the food insecurity in the Historic Parramore District. What began as a dedicated resource for fresh vegetables has grown into a passion for volunteers, a staple for the community, and an active 501(c)(3).

## What Parramore Community Garden Offers

### Organic Produce

In order to give the community access to free and nutritious produce that is unavailable in the immediate area, PCG uses all natural fertilizers and pesticides.

### Education and Resources

PCG aims to foster appreciation for local agriculture by teaching community members and volunteers how to grow produce by hand.

### Community Engagement

PCG provides resources, inspires self-sufficiency, and helps community members take part in the betterment of the Parramore District.

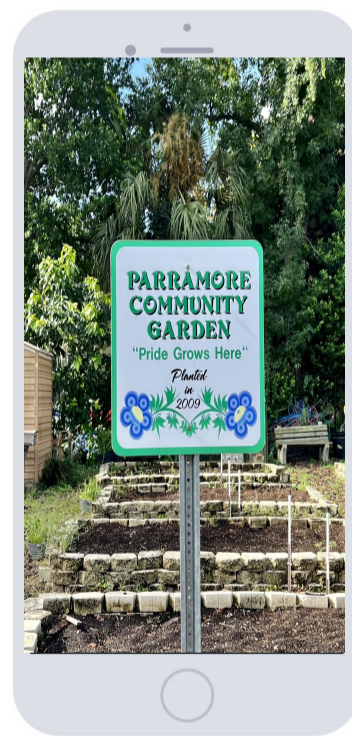

## Ways to Support PCG

### Volunteer

Individuals, groups, and organizations can volunteer to assist with upkeep as well as planting and harvesting seasons.

### Spread the News

Follow @pcgorl on Instagram. Keep up with updates, events, and more. Use the hashtag #GROWPCGORL to share!

### Donate

Parramore Community Garden is now a 501(c)(3) and accepts donations. We need your help to fund supplies, events, and other community resources.

### Upcoming Projects

- Solarize Garden Beds
- Repair Main Greenhouse
- Pressure Wash Plot Pavers
- Landscape Garden Entrance
- Replenish Garden Beds
