Advanced Alarm

What We Offer

We believe that commercial fire and security solutions are not one size fits all. Each type of business has different needs, and each property has unique concerns.

- Fire and Life Safety
- Commercial Security Systems
- Property Video Surveillance
- Access Control

DID YOU KNOW...

Advanced Alarm is a part of iTech. iTech offers IT Solutions, Marketing Solutions, Document Solutions, and of course Advanced Alarm's Security Solutions.

"I had security and smoke detection alarms installed in my home by Advanced Alarm Tech several years ago. The equipment is still as good as new and the customer service they deliver is friendly and professional."

-Steve C.

Who We Are

In business since 1996, Advanced Alarm Technologies is a full-service security company providing Burglary and Fire Protection, Video Surveillance, Access Control, Intercom Systems, 24-hour Monitoring, and more. Our experienced technical staff can design and install the right system to meet your particular needs, from small residential applications to the most sophisticated industrial requirements.

Advanced Alarm has over 40 years of combined experience in the design, installation and service of a wide variety of security and life safety systems for use in residential, commercial and industrial applications. We pride ourselves on our ability to ensure our customers are taken care of in a timely manner and are treated with the utmost respect.

From the beginning, our philosophy has been driven by the idea that customer service is the most important part of our business.
