Think video games need to be action-packed and exhilarating to the max? Think again. Kyle Reardon explains why the peaceful nature of Stardew Valley can also be a rewarding experience. Check out his #GameTime review for #YS at youngsalvationist.org

Game Time — Stardew Valley

Any time I started a new video game during my childhood, I would ask the same question: "Which button is shoot?" And for the vast majority of games played through those years, on everything from the NES to the Genesis and Super...
