FOR SALE: 1994 Alfa Romeo 155 V6 TI DTM

The Alfa Romeo V6 TI DTM was created for the demanding DTM championship, a 420 HP racing car at 12,000 rpm (which will then rise to almost 500) with a V6 engine. The Alfa Romeo 155 V6 Ti can sprint from 0 to 100 km/h in 2.5 seconds and touch 300 km/h.

For those lucky enough to be able to hear it, the howl that breaks the silence in the mountains that hosted the CIVM of the Alfa Romeo V6 Ti DTM is something unforgettable. Unforgettable also because the 155 da corsa was one of the last Alfa Romeo cars to win international competitions.

> engine and extra gearbox supplied

Located in Italy, \$1,500,000!

FOR SALE: 2015 Porsche 991.1 GT3 Cup Car

JULY

This is a very special, one-of-a-kind Porsche GT3 Cup Car turned into an absolute beast — 1100hp turbo-charged, hill climb assassin.

“Lucy” broke records at Pikes Peak hill climb and once held the Time Attack 1 record with a 9:23:721. She paved the way for a flurry of other Porsches to be built for the event, and is ready for her new home.

Located in California, \$249,000!
