

They said Emory was arrested this morning (12)
And no his charges aren't the best (8)
All of my friends say that you look just like he does (12)
But not as fucked up in the head (8)

But there's some truth, I can't deny the resemblance (12)
Twice my size, but both half the man (8)
Things just aren't the same since you came into my life (12)
Was I ever part of your plan? (8)

Chorus:

And I understand
It's a price I knew I had to pay (9)
And then when you leave
Gonna spend my life dreading that day (9)

Verse:

They said Emory has some cancer in his lungs (12)
From smoking all of those cigars (8)
It's his second arrest since the year has started (12)
You feel so close and yet so far (8)

I guess it's true, you really do look just like him (12)
With thickened lips and chocolate eyes (8)
And I suppose that in both of your cases, huh (12)
Greta wants to eat you alive (8)

Chorus:

And I understand
It's a price I knew I had to pay (9)
And then when you leave
Gonna spend my life dreading that day (9)

Guess I understand
You gotta go back 'cross the border (9)
You can't stay for long
At least you can't with the court order (9)

Bridge:

So don't ask what I'm feeling
Cuz I don't even know
And don't ask what I'm thinking
Cuz you don't wanna know

"One for the money
Two for the show"
It's gonna hurt me

to watch as you go
Sometimes life just doesn't go as you plan or as you think it
should
And you end up with a cruel summer
And your heart buried in the woods

[guitar]

Verse:

They said Emory's not guilty until proven (12)
But I believe that he did it (8)
And don't tell me that I'm jumping to conclusions (12)
Or convince me that he didn't (8)

I think of you every time that I hear his name (12)
It's true, you act nothing like him (8)
Different ethnicities, and you don't have tattoos (12)
But you're leaving, and I can't deny it (10)

And I understand
It's a price I knew I had to pay (9)
And then when you leave
Gonna spend my life dreading that day (9)

Guess I understand
You gotta go back 'cross the border (9)
You can't stay for long
At least you can't with the court order (9)

Emory pt. 2

They said Emory was arrested this morning (12)
And no his charges aren't the best (8)
All of my friends say that you look just like he does (12)
But not as fucked up in the head (8)

But there's some truth, I can't deny the resemblance (12)
Twice my size, but both half the man (8)
Things just aren't the same since you came into my life (12)
Was I ever part of your plan? (8)

They said Emory has some cancer in his lungs (12)
From smoking all of those cigars (8)
It's his second arrest since the year has started (12)
You feel so close and yet so far (8)

I guess it's true, you really do look just like him (12)
With thickened lips and chocolate eyes (8)
And I suppose that in both of your cases, huh (12)
Greta wants to eat you alive (8)

They said Emory's not guilty until proven (12)
But I believe that he did it (8)
And don't tell me that I'm jumping to conclusions (12)
Or convince me that he didn't (8)

Violins like in "Graceland, Too"
I think of you every time that I hear his name (12)
It's true, you act nothing like him (8)
Different ethnicities, and you don't have tattoos (12)
But you're leaving, and I can't deny it (10)

[guitar]
Ooh
Ohh
Ooh
Ohh

They said Emory thinks it's good vs evil (12)
But he's fucking sick in the head (8)
It makes me think of how you felt that Sunday night (12)
Said you wanted me in your bed (8)

I told you the sky was burning, so what's the point? (12)
You said the way I think scared you (8)

"A veces es un poco extraño pa mi, (12)
Cómo piensas," I guess it's true (8)

They said Emory has millions to his name (12)
Or at least that is what he says (8)
If I cared for money, you wouldn't be my type (12)
Just another man who's half dead (8)

It wasn't your looks that pulled me into your arms (12)
I liked you cuz you were different (8)
You didn't act like anyone I'd ever met (12)
Just a soul lost in the current (8)

They said Emory's spitting up some crimson blood (12)
I know that thick metallic taste (8)
It reminds me of how your lips tasted that night (12)
Another man, another waste (10)

I try to give you your reasons and excuses (12)
But you make it so fucking hard (8)
I'd give everything to feel you inside your home (12)
But we knew this was risky from the start (10)

[guitar & violins]
Ooh
Ohh
Ooh
Ohh

They said Emory is locked up with his brother (12)
But really I couldn't care less (8)
It's just that when I hear his name, I think of you (12)
But really you couldn't care less (8)

I recall the "back the blue" sticker on your truck (12)
Then we laughed together so much (8)
Because you didn't even know what it stood for (12)
An American flag untouched (8)

They said Emory likely isn't doing well (12)
And yeah that comes as no surprise (8)
I remember that night that I snuck out with you (12)
And now here I am stuck inside (18)

I guess you oughtta know; I don't blame you for it
In fact it's quite the opposite (8)
Had my parents been a little less strict on me (12)

We coulda kept all our promises (8)

They said Emory - but I don't care about him, no (12)

They said Emory- but I don't care 'bout Emory (13)

When they mention Emory, all I think about is you (14)

When they talk 'bout Emory, I only want to see you (14)

I'm simply asking for a small taste of your heart (12)

Or a 5 minute warning before the head start (12)

If they mention Emory, my mind will go straight to you

(14)

If they talk 'bout Emory, my eyes will go right to you (14)

[guitar]

Ooh

Ohh

Ooh

Ohh

[softer, single guitar]

I don't know what you're doing, and I never will (12)

But I beg you don't forget me (8)

Cuz I gave you my serotonin and my time (12)

So remember me like Emory (9)
