To whom it may concern,

Please find this reference for Leigh Globisch who reported to me at SheerGuard SA from May, 2018 -February, 2020. She was a marketing specialist who worked in most areas of our company's marketing department.

As an all-rounder Leigh not only created and maintained our various websites, she was responsible for the design and creation of our various online marketing campaigns and strategies.

In addition, in her role of our Graphic Designer; Leigh was also responsible for all the various printed media for our Head Office and individual franchise teams. This included brochures, flyers, all our corporate clothing and outdoor signage and event branding.

She setup and monitored our various Google Ads campaigns for our Head Office and all our franchisees and added and verified our various locations on Google My Business.

She also worked with social media, setting up and monitoring our accounts with Instagram, Facebook, and various other social media sites. In this capacity, Leigh was our social media presence online.

I enjoyed working with Leigh. She was eager to learn new areas of marketing and did an excellent job expanding our marketing efforts to social media. Leigh was also an excellent writer with a creative approach to developing our marketing materials.

A team player, Leigh worked well with her colleagues in marketing. As a specialist with her time divided across many responsibilities, she balanced competing needs with humor and professionalism.

I recommend Leigh for any position that will draw upon her skills and her proven record of contribution to marketing. She was a remarkable colleague and contributor.

Call me if you need additional information. I'd be happy to tell you more about Leigh achievements at SheerGuard SA.

Kind regards

To Whom it May Concern

REFERENCE for LEIGH GLOBISCH

Ms Globisch created a logo for the NEST (Narrative Enquiry for Social Transformation) research network at the University of the Witwatersrand and also assisted us with the layout and artwork for our international symposium programme. We had excellent professional service from Leigh and would most definitely work with her again. She was able to translate our rather vague concept into visual media, flexibly responding to our requests for changes, and generating a really creative logo for us! She was willing to work under pressure with our deadlines and completely reliable. I most strongly recommend her. Please do not hesitate to contact me for further information.

Yours sincerely

To Whom It May Concern,

Leigh Carmen Globisch kindly volunteered as a Graphic Designer under my direct supervision at EST.Kunst from November 2009 to February 2010. She has been an invaluable asset without which the presentation of my art project „South Africa 2010 PLUS“ in The German Chamber of Industry and Commerce (<http://www.dihk.de>) would not have been feasible. Based on that association, I can highly recommend Mrs Globisch to any individual or organisation seeking a highly motivated person to join their team.

Leigh is proficient as a designer and understood all of my requirements. She completed the tasks promptly and efficiently and is a creative and hardworking problem solver. I highly recommend her, as she would be a tremendous asset to any company.

Sincerely,

Eleonore Straub

THE CALENDAR SPECIALISTS

June 02nd 2009

To whom it may concern,

Please find below a letter of recommendation for Leigh Globisch who worked for Phoenix Design as a Graphic Designer

Leigh worked under my direct supervision at Phoenix Design for a period of seven years ending in May 2009. During that period, I had the great pleasure of seeing her progress from a mid level designer at the beginning, into a fully functioning Senior Graphic Designer, in her final three years with the company.

Leigh is a hard-working self-starter who invariably understands exactly what a project is all about from the outset, and how to get it done quickly and effectively. During her seven years in the design department she worked on a number of challenging projects, and her outstanding work secured us many large tenders.

Leigh is a resourceful, creative, and solution-oriented person who was frequently able to come up with new and innovative approaches to her assigned projects. She functioned well as a team leader when required, and she also worked effectively as a team member under the direction of other team leaders.

On the interpersonal side, Leigh has superior written and verbal communication skills. She gets along extremely well with all our staff. She is highly respected, as both a person and a professional, by colleagues, employees, suppliers, and customers alike.

When Leigh announced her resignation to reunite with her husband, who was on a scholarship in Germany, we were saddened to see her leave, although we wished her the greatest success in her new undertaking. I can state that her presence, both as a person and as an exemplary employee, will be missed here.

In closing, as detailed above, based on my experience working with her, I can unreservedly recommend Leigh Globisch to you for any Senior Design position. If you would like further elaboration, feel free to call me at 011 793 6627

Sincerely,

Richard Collins.
