Amazon shoppers are obsessing over a new [summer dress](#) that's comfortable to lounge in at home and stylish enough to wear to dinner.

The [Wiholl T-Shirt Dress](#) climbed to the top of Amazon's chart of [top-selling new dresses](#) at the time of writing — and right now, it's on sale for as little as \$13. Early reviewers have called out its breezy fabric, which [a shopper described](#) as "cool for this summer heat." Plus, the dress's hemline hits slightly above the knee, depending on your height. The airy fabric is also wrinkle-resistant, making it ideal to toss in a suitcase and wear later at a beach resort — without hauling out an iron and ironing board or a handheld steamer. The low-maintenance piece is machine-washable, too, so it's easy to clean.

With two front pockets, short sleeves, and a relaxed drape that isn't baggy, the classic T-shirt dress can be dressed up or down for all kinds of outings. Headed to the beach? Wear it with a sun hat, a [woven bag](#), and slide sandals. For dinner plans, turn it into a polished outfit with statement jewelry and wedges.
