EAT

Did you ever notice that Christmas wreaths look a lot like donuts? We hadn't really thought about it until we saw [Little Bigs](#)' giant Christmas crullers - festive, sticky-sweet and big enough to serve 8 people. Order yours any time before Christmas Eve. If anyone asks, we're off to fill the bathtub with coffee.

DRINK

Brrr... It's freezing out there. Literally. But rather than give in to the cold, we'll stave it off with warming "hot pot" cocktails from [Bao Bao Dumpling House](#). These spiked tea concoctions might not be listed on the menu, but they're available all winter long. Go ahead and ask your server. Tell them Eat Drink Lucky sent you.

What's the buzz? Listen up, honey. The workers at the [Honey Exchange](#) have great gifts for anyone on your list, even the Queen. We won't drone on and on... just go pick up a jar. And bring your [Buoy Local](#) card - it's Wishbone Wednesday, and you'll earn 5x the points.
