

Careers Office Redesign City Campus

Interior Design Proposal
RevA

[REDACTED]
Aug 2025

Project Objectives

CAREERS OFFICE REDESIGN **Interior Design Layout**

Create a welcoming, student-focused environment that supports career development through zoned, functional design.

Define distinct activity areas using modular furniture layouts to support collaboration, one-on-one consultations, and independent work.

Introduce bold visual storytelling with a custom mural that inspires ambition and reflects the university's values of creativity, drive, and curiosity.

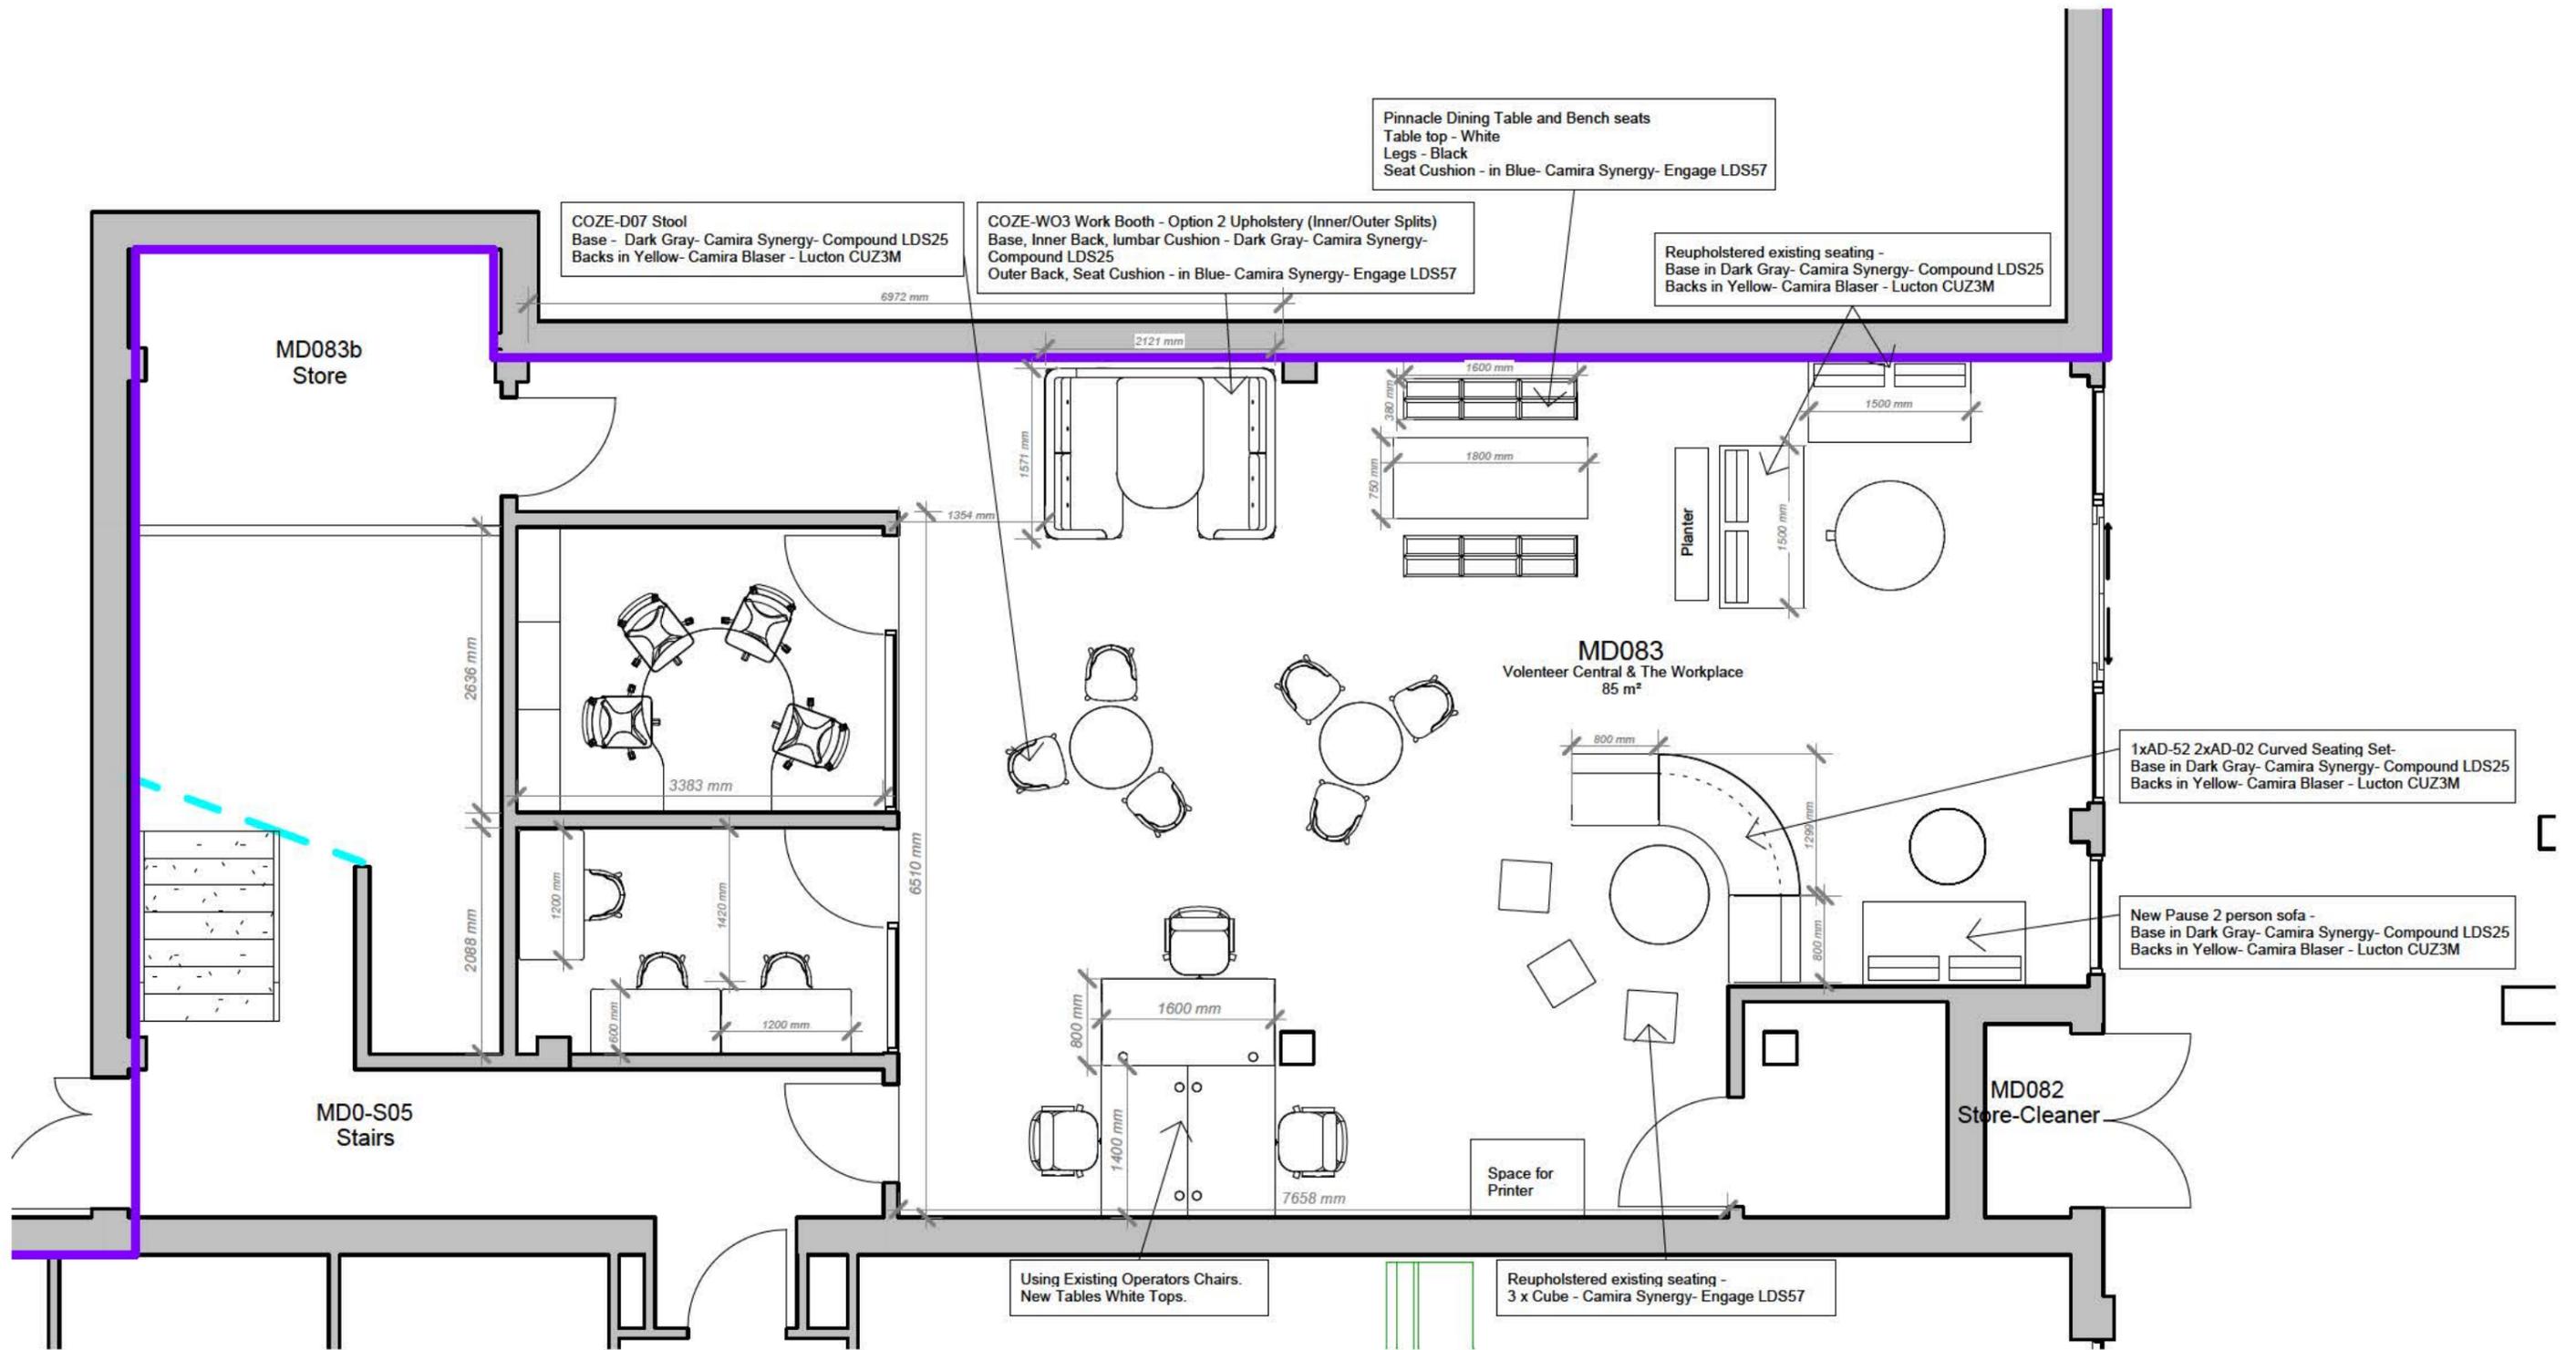

Celebrate student success through a prominent Wall of Fame, reinforcing positive outcomes and aspirational messaging.

Enhance comfort and inclusivity with a mix of soft seating, high tables, and booths for diverse student needs and preferences.

Incorporate natural light and biophilic elements to promote wellbeing, openness, and a professional atmosphere.

Integrate university branding and golden tones to create a cohesive, future-forward identity aligned with Wolverhampton's vision.

Proposed Floor Plan

Before vs Proposed

At the centre of the room, **high tables with upholstered stools** create a vibrant collaborative hub. These encourage flexible use—ideal for group discussions, drop-in meetings, or informal networking.

The height variation also adds visual interest and defines the core activity zone within the open plan layout.

Before vs Proposed

Throughout the space, **modular furniture in golden yellow and teal** brings warmth and energy.

The yellow tones subtly reference academic achievement and success, complementing the motivational 'Pathways to Possibility' mural.

This custom artwork acts as a storytelling element, reinforcing curiosity, drive, and creativity—values key to the student journey.

Before vs Proposed

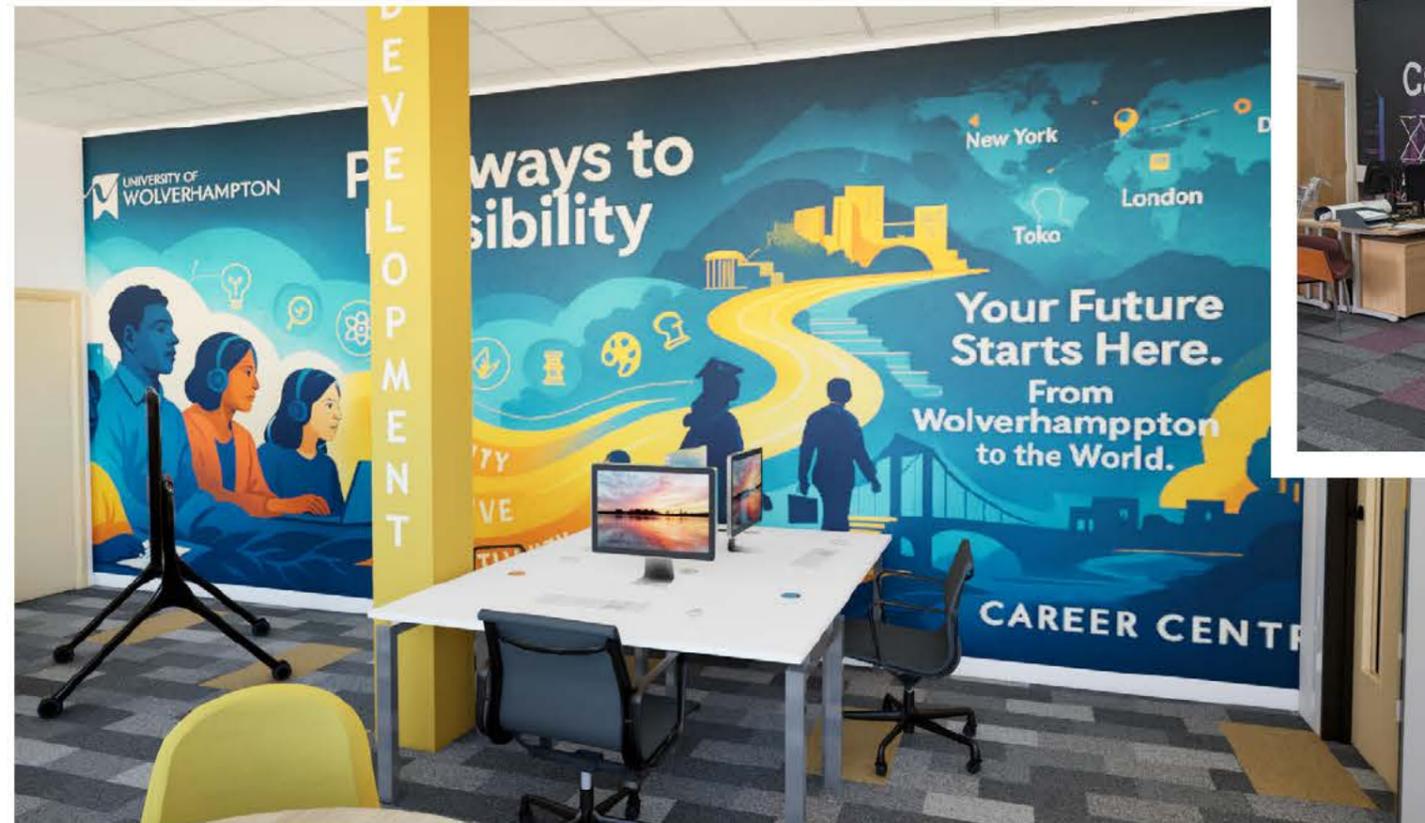

The **Wall of Fame** adds a personal, motivational element, showcasing the successes of past students and reinforcing real-world outcomes of university support.

Before vs Proposed

Visual identity and storytelling are at the heart of the space, with a bold feature mural titled 'Pathways to Possibility' illustrating the themes of curiosity, drive, and creativity.

This graphic wall not only acts as a focal point but also reinforces the University's mission and inspires students to visualise their own career journeys.

A **welcoming soft seating area near the entrance** features a modern two-tone sofa and coffee table, providing a relaxed waiting space for students or visitors.

This spot sets a calm and approachable tone as you enter.
