

CAREER Happiness ...

*It exists. You just
have to know where to go.*

If you find yourself in a job that's best described as hum drum, it's time to break out of the mold and do something extraordinary; something you'll love! At Spherion®, we call it *career happiness* and we can help you find it. For more than 60 years, Spherion has been matching talented individuals to exciting job opportunities that cater to their interests, skills and career aspirations. Our view is, if you're going to work, might as well do something you enjoy.

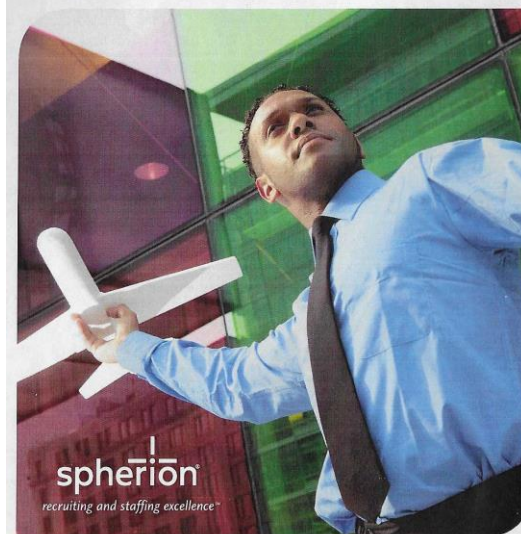

This year, resolve to accept nothing less than career happiness!

WORKPLACE Happiness ...

*It's the place where
people and productivity soar!*

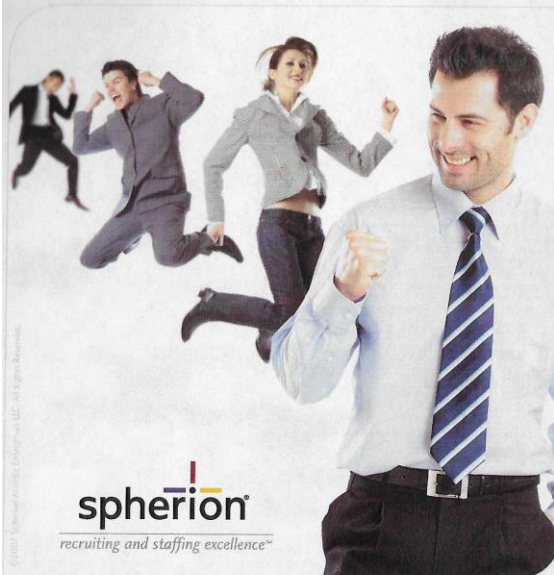

When your employees are happy, productivity just seems to take off. There is nothing better than knowing you've got the right people doing the right thing, and they're happy doing it. For 60+ years, Spherion® has been helping businesses hire talent with the skills and motivation to raise productivity and career satisfaction. That's our goal with every position we fill—from administrative/clerical, industrial and contact center staff to professionals spanning multiple industries and disciplines.

Make workplace happiness the standard for your next hire. Call Spherion today!

WORKPLACE Happiness ...

*It's when you like what you do
and your employer does too!*

When people love what they do, it shows. It's been known to cause employees and employers to leap with inexplicable joy. Spherion® calls it workplace happiness. For 60+ years, we've been connecting companies to individuals with the skills, talents and aspirations to succeed in their workplace. Spherion places a broad range of talent, from office professional, industrial and contact center staff to professionals in accounting & finance, engineering & manufacturing, legal, technology, sales & marketing and human resources.

For talent and opportunities that lead to workplace happiness—call Spherion!
