SUBJECT LINE A: Open Now to See How Bladder Scanners Can Save \$\$

SUBJECT LINE B: Learn How to Lower UTIs by 38-72%

PREHEADER:

It's a fact. Bladder scanners reduce CAUTIs.

SEE HOW.

Bladder scanners can lower UTIs 38 to 72% in long-term care.¹

They're cost-effective and save valuable staff hours.

A non-invasive portable ultrasound bladder scanner pays for itself by preventing four UTIs.² Given that the estimated cost of one UTI at a nursing home is \$1,745², that's quite a savings.
