The SAE Detroit Section will host “Reignite the Spark”, a conference aimed at career and personal development for young professionals. This conference offers a great opportunity for attendees to learn the skills needed to become a valuable and contributing member of their organization by providing the how-to seminars and activities for networking, career development, and leadership. The conference promises to equip the new generation of engineering professionals with the necessary tools to develop themselves into future leaders.

Sessions

The conference will include the following seven sessions. Each attendee will select three sessions to participate in. Each session will be 45 minutes with a 15 minute networking break in between.

Self-Development:

- *Fuel Your Self Confidence* - THE crucial factor for any success
- *Boost Networking Skills* - How to network
- *Crank Out Your Own Brand* - Building your personal brand

Career Development:

- *Launch Sales of Yourself and Your Ideas* - Selling your ideas/skills
- *Fire Up the Job Interview* - Interviewing to win the job

Inspire Others:

- *Supercharge Your Leadership Potential* - Leadership
- *Rev up Teamwork Efforts* - Teamwork/Enthusiasm
