We love you!

Happy Team Member Appreciation Day!

Today is a significant and special day for us, as it is the day that marks the impact that all of our Team Members continue to make for Rock Connections. The pulse and growth of this company wouldn't be on the pace it is now without the hard work and commitment to excellence from each and every Team Member. So, we are taking today to express our gratitude!

And in doing so, we'd like to prop out Danielle Hall, PC ISM Assurance Specialist with Training & Development, for using her voice and creativity! Danielle saw an opportunity for her team to get more involved with giving back, and created the idea for what we are excited to introduce to you as **The Rock Connections Giving Tree!**

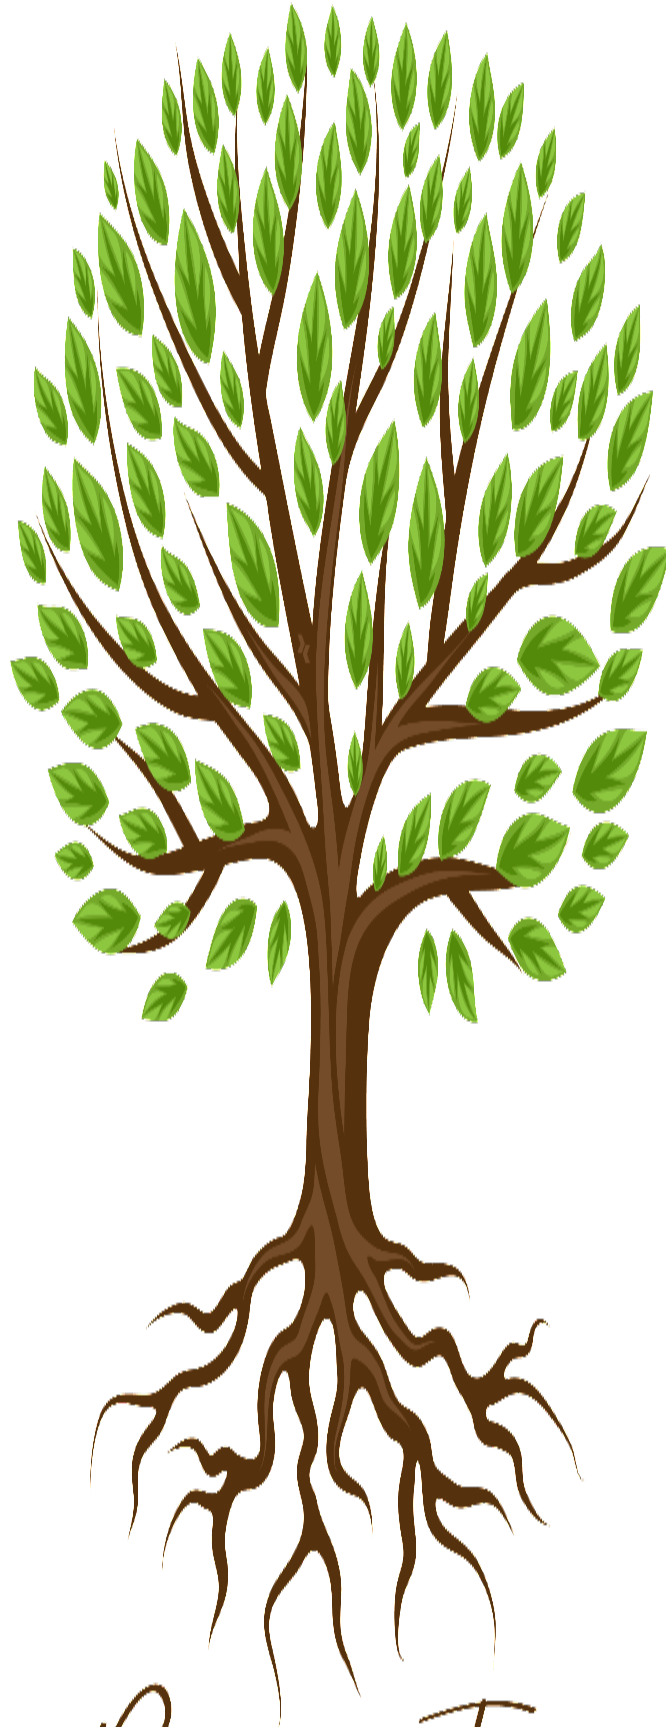

There is a Giving Tree Fathead for every floor of 1900 and on both of our floors in The Qube. Starting today, YOU have the opportunity recognize an amazing person, deed or helpful Team Member who has made a lasting impact.

Because we don't want the thanks and appreciation to be limited to only today, Team Members will be given three leaves to place on the trees throughout the

rest of the first quarter of 2018. Our first theme fits right in with the meaning of today, Appreciation.

**Has someone in Rock Connections helped you or
your business in a positive way?**

Fill out a "thank you" leaf and add it to the Giving Tree!

Ginger Tree

But wait! The thanking and appreciating doesn't stop there! We will be introducing new themes for each additional quarter throughout the rest of the year, including volunteerism and holiday giving. At the end of each, we will select one leaf at random to win a prize – both the Team Member who was recognized, and the Team Member who submitted the leaf will win!

**Give thanks,
get swag.**
