

Enterprise funding

Specialists in recruitment finance and technology, we've been challenging the banks and shaking up the market for over a decade.

£50m+

We offer funding facilities from **£5million to £50 million**

£1bn

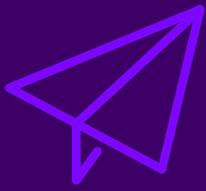

We provide next generation tech and funding to SMEs and enterprise businesses from **£10 million to £1 billion turnover**.

Whether you're looking to fund growth, switch financiers, fund an acquisition, a merger, a buy out or are exploring other paths whilst protecting your assets and cashflow, our funding can help.

Designed for simplicity with limited operational requirements, like no concentration limits or complex covenants, our funding also comes with bad debt protection contributing to a healthy balance sheet.

We provide international and subsidiary funding in multiple currencies, including the USA, giving you a direct route internationally.

Award winning technology integrated with leading accounting systems, saving time and resource on reconciliations and credit control.
