More Testimonials

Risha guided us through our entire renovation project from the beginning when she reviewed the architect's plans, made helpful suggestions and worked out how the space would be used and furnished. She designed 2 walls of built in storage to accommodate the new space and our needs, helped with lighting placement, and guided us in choosing all fixtures, finishes and furnishings. The final result looks great, reflects our style, and is functional in the way we wanted it to be. She did the same with our master bath renovation. We also appreciated that Risha was sensitive to working within our budget. We couldn't be happier with the end result.

Risha is an absolute pleasure to work with; you will find that out fast. **She put a lot of thought into doing a design that was perfect for me, I couldn't have done it without her brilliant ideas...I'm so pleased I chose her,** she has helped me through the entire project, **even when she didn't need to she continued to be there for me.** I Definitely recommend her. Very dedicated, sooo good with ideas, designs and color schemes. I simply couldn't have done it without her... I always know that without her it wouldn't have turned out so beautiful...Thank you sooo much!
