Experienced Web Content Writer

Summary

An experienced freelancer and content writer. I work hard to make sure the content I write isn't clickbait (but still has a clickable title) while delivering informative, well-written content. I work hard to meet even the fastest of deadlines.

I freelance for sites like Cracked, HuffPo Comedy, Listverse, Valnet, and many others. I also currently provide web content, social media strategies, and SEO editing for Nelson Internet Marketing. After gaining over 8 years of experience in blogging, conversational toned writing, content writing, and various other styles I truly feel I'm a great writer ready to tackle any project with vigor.

I write for Cracked, Valnet, and various other freelance-friendly companies like The Recipe and Huffpo Comedy. This is a labor of love and I wouldn't change it for the world.
