

FRAUD PREVENTION

Safeguarding Your Business

CHASE 

INVITATION TO AN ONLINE SEMINAR:

Emerging Trends in Cyber Fraud: Understanding the Threat and Safeguarding Your Accounts

All companies and municipalities are susceptible to cyber fraud, regardless of size or location.

The more informed you are about emerging trends in cyber fraud, the better prepared you will be to take preventative measures within your payments department.

Please join us on <Date> for a 30-minute online webinar about best practices and solutions for reducing your organization's exposure and safeguarding its assets.

Key topics to be covered:

- Cyber fraud threats facing businesses today including wire and ACH
- Internal controls your business can implement to minimize risk
- Live Q&A with an Online Security expert
