TO WHOM IT MAY CONCERN

RE: WAYNE ANINGU KHISA

This is to confirm that **Wayne Aningu Khisa** was on industrial attachment in the **IT & T Function** of the Company, **Kakamega County, Western Region** from **13th May 2022** to **29th July 2022**.

During his attachment, he was exposed to the following areas:

IT & T:

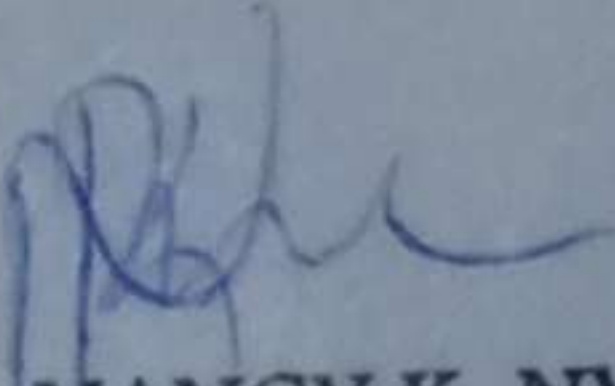

- LAN and WAN cabling, trunking, activating ports and understanding the IP addressing and VLANs in the network.
- Configuration of switches and routers.
- Installation of radio antennas and configuration of the radios on mobile units.
- Installing of systems i.e. InCMS, OS, SAP.
- Preventive maintenance of telecommunication equipment.
- Fiber stringing, splicing, and testing using the power meter, VFL and OTDR.
- Installation and configuration of various user interfaces and softwares.
- Structuring, configuring and troubleshooting the company's local area network.
- VHF radio troubleshooting and repairs.
- SCADA works.

In the course of the attachment period, he proved to be dependable, hardworking, self-disciplined, self-driven and maintained punctuality. He performed well in all his tasks and is a team player with good office organization skills and etiquette.

Yours faithfully,

For: **THE KENYA POWER & LIGHTING CO. LTD.**
