

ARFF STRIKER VEHICLE INSPECTION

Form Last Revised: 11/15/2023

Year _____ Month _____

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31				
Engine																																			
Oil Level																																			
Belts & Hoses																																			
Coolant Level																																			
Power Divider Oil Level																																			
Power Steering Fluid Level																																			
Air Cleaner Signal Band																																			
Transmission																																			
Transmission Fluid Level																																			
Wheels & Tires																																			
Evidence of Wear/Punctures																																			
Proper Inflation																																			
Fire Fighting Apparatus & Gear																																			
Roof Turret																																			
Flow & Pattern Selectors																																			
Bumper Turret Pattern Selector																																			
Fire Suits																																			
Hose Reels																																			
Operational Check																																			
Start Engine & Observe Gauges																																			
Lights & Beacons Operational																																			
Transmission Shifts All Gears																																			
Briefly Engage Fire Selector Switch																																			
Water Pump Pressure = 50 PSI																																			
Checked By (Initials)																																			
Weekly _____ Dates _____																																			
Other Equipment (Check & Run 20 mins.)																																			
Generator																																			
Furnace																																			
Quackie Saw																																			
Checked By (Initials)																																			
																								Inside Water Tank Cleaned											
																								Dry Chemical Fluffed											
																								Foam Refractometer Test											
																								Dry Chem Test											
																								AFFF Test Parameters (Turrets: 2.8 - 3.5%; Handline: 2.8 - 4.0%)											

See Reverse for Lube and Fluid/Filter Change Intervals

ARFF STRIKER VEHICLE INSPECTION

Lube/Fluid/Filter	Change Interval	Date Last Changed	Verified By (Initials)	Comments
Differential Oil	Anually			
Wheel Ends	Anually			
Steering System Fluid	Anually			
Steering System Filter	Anually			
Drive Shaft U-Joints/Slip Joints	Three (3) Months			
Steering Gears, Shafts & Linkages	Three (3) Months			
Ladder Gantry	Three (3) Months			
Fuel Filters (Primary & Secondary)	Six (6) Months			
Engine Coolant	Two (2) Years			
Slack Adjusters	Anually			
Water Pump (Low Pressure) Hydraulic Drive Motor Oil	Two (2) Years			
Low Attack Oil & Filter	Five (5) Years			
Transmission Oil Filters	Five (5) Years			
Snuzzle Oil & Reservoir Filter				
Hydraulic Generator Oil & Reservoir Filter				

Additional Notes: _____
