Support Pets on the Picket Line!

Behind many of our greatest writers and actors is a faithful dog or cat celebrating their triumphs and supporting them through their struggles. These loyal pets provide comfort, companionship, inspiration, and joy, and never judge or criticize. But now these dogs and cats need our help!

The members of SAG-AFTRA took to the picket lines on July 14th joining WGA members who had already been on strike for over two months. It has been a long, hard summer for writers and their support staff who have been out of work for over 100 days now. Productions should be ramping up for the fall seasons, but scripts aren't being written, casting calls aren't happening, and crews are out of work.

Keeping pets safely with their people and out of the shelter is our mission, so when [Off the Leash Modern Pet Provisions](#) asked us to help the picketing pets, we of course said YES! From now until October, we are raising money to provide one free bag of pet food per month to members of SAG, WGA, and their critical support staff: writer's assistants and script coordinators.

But we can't do it without you! We know times are tough. We see it in our escalating numbers of assistance inquiries and the growing crowds of people on the picket lines. We also know that if each person can give just a little, then together, we can create a huge impact. [Every penny you donate through this campaign goes directly to someone's dog or cat in need of food.](#) And the more money we receive, the more

people and pets we can help. Join us in being betterTogether Forever and supporting the Pets on the Picket Line!
