What's your story

Get in touch about your Wellcome work, favourite project, lockdown strategy, or latest pet bomb for snappy – no more than 500 word - pieces on Trustnet.

A few jumping off places

- Invite us to interview you for a 60 seconds with... feature on what you enjoy about your work. What inspires you, how do you keep focus, what are your hopes for your field?
- Got a sanity strategy, or thoughts on how to arrange your day, separate home and work, or take a break? Talk to us about your top tips for working from home.
- Furry friend made an unscheduled appearance? Send us a pic of your pet bomb (in meeting ideally) with 50 words to include the names of you and your pet and what the meeting was about.
- Who were you partnered with for your [randomised coffee date](#)? Tell our nosy internal comms reporters what made your chance encounter interesting?

These are just a few of our ideas. Send us yours for your Trustnet article on working at Wellcome and let us know how we can support and schedule your post. Advance notice is super helpful to help us plan.

We're especially interested to hear from people we don't see so much of – behind the scenes stars, unsung heroes, and those of you who don't usually get airtime on Trustnet.

Attention seekers

Shameless attention seeker? That's okay too ?

Get in touch

Email Sophie at s.moorcock@wellcome.org and copy in Atiya at a.zakaria@wellcome.org to:

- participate in our interviews and features
- suggest ideas for pieces
- ask teccie questions about using the platform
- get support with posting your articles
