SOLUTIONS FOR HEALTHCARE FOODSERVICE

US. FOODS® | **VITALS**
SOLUTIONS FOR
HEALTHCARE FOODSERVICE

Improving Patient/Resident Satisfaction Doesn't Have to Be Stressful – Find Out How!

As a senior living operator, your residents are your top priority. US Foods® is here to provide the support you need to help face the challenges of balancing resident satisfaction with food and supply costs – and find the right solutions! We can show it's possible to provide your residents with nutritious meals your residents will enjoy, while staying within your budget. However, our program goes far beyond food costs. Industry-leading tools and resources support your entire business by reducing costs and improving efficiencies.

Business Solutions Specialist of the Month:

Meet Teresa Goodrich

"Hi, I'm Teresa Goodrich, Menu Solutions Specialist, and I help our senior living communities use BluePrint® 360 to increase resident satisfaction by seamlessly incorporating resident feedback into their menus, using our extensive database of pre-loaded menus and on-trend recipes, supported by our team of dietitians.

I love this tool because of how it impacts the entire foodservice operation of our customers – from menu planning through menu-driven ordering, operators can promote standardization and simplify their processes, so they can focus on the needs of their residents and provide a high-quality dining experience. We have a whole team of specialists ready to support you and help you achieve the same results at your organization!"

Business Tool in Focus:

BluePrint® 360

Patient/resident satisfaction is a critical metric for all care organizations. **BluePrint 360** is an innovative program that works by integrating our online ordering platform with your EMR to save you time, help control costs and improve resident safety and satisfaction.

Get customized, pre-loaded menus and recipes based on resident or patient feedback, along with daily per resident costs, forecasts and production worksheets.
