Barton Manor Hotel & Spa has long been a destination for those seeking respite and rejuvenation. With 57 existing bedrooms, a serene pool, a well-equipped gym, a pampering spa, fantastic function rooms and the culinary artistry of Head Chef Chris Tomlinson, the hotel has already established itself as a premier retreat. But the latest addition elevates the Barton Manor experience to an entirely new level, ushering in an era of unparalleled luxury and relaxation.

In its latest chapter, Barton Manor Hotel & Spa's brand-new bedroom extension introduces 46 beautifully designed rooms, each a sanctuary of comfort and style. From executive patio rooms to luxurious junior suites, these meticulously crafted rooms offer private patio doors leading to either a secluded outdoor

space or a private balcony, providing guests with the perfect setting to savour the breathtaking views of Beacon Fell or the Fylde coast. Imagine waking to the gentle sounds of nature, stepping out onto your balcony with a morning coffee, and soaking in the panoramic vistas that stretch before you.

“ THE ARCHITECTURAL HIGHLIGHT OF THIS EXPANSION IS UNDOUBTEDLY THE MAGNIFICENT PALAZZO – A STRIKING GLASS WALKWAY THAT SEAMLESSLY BLENDS CONTEMPORARY DESIGN WITH THE TIMELESS ELEGANCE OF THE MANOR ”

Every room features high-end amenities designed to enhance the guest experience, including complimentary robes and slippers, Temple Spa toiletries, a Nespresso coffee machine, a mini bar and a large flat-screen TV. The rooms are fully air-conditioned, ensuring a comfortable stay no matter the season.

The architectural highlight of this expansion is undoubtedly the magnificent

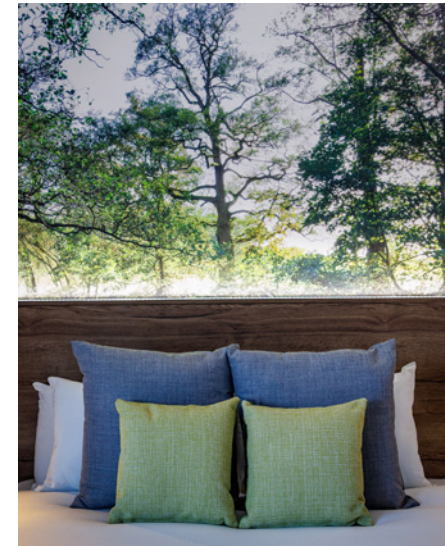

palazzo – a striking glass walkway that seamlessly blends contemporary design with the timeless elegance of the manor. The palazzo's translucent design invites natural light to flood the space, creating an airy, serene atmosphere that is perfect for everything from enjoying a fine meal to reflecting in peaceful solitude.

Andrea Burton, Barton Manor's General Manager, explains: “Our commitment to providing an exceptional guest experience is evident in every detail. From the luxurious furnishings and premium amenities to the impeccable service provided by the dedicated staff, every aspect of the hotel is designed to create a sense of refined comfort. Whether you're visiting for a relaxing spa break, a romantic getaway, a corporate event or a special celebration, Barton Manor offers an escape from the everyday – a place where you can unwind, rejuvenate and truly relax.”

“ SPECIAL ATTENTION HAS BEEN GIVEN TO CREATING A SUSTAINABLE ENVIRONMENT, WITH HEDGEHOG HOMES AND BAT BOXES BEING INTEGRATED INTO THE LANDSCAPE DESIGN ”

Guests can indulge in the hotel's state-of-the-art facilities, including the inviting indoor pool, well-equipped gym, and tranquil spa area. Barton Manor's commitment to wellness is further emphasised by the hotel's focus on sustainability, seen not only in the eco-friendly initiatives throughout the property but also in the newly landscaped gardens and wildflower patio. Special attention has been given to creating a sustainable environment, with hedgehog homes and bat boxes being integrated into the landscape design.

Culinary delights await at Barton Manor's Walled Garden restaurant, where Head Chef Chris Tomlinson and his team create exquisite dishes using the finest local ingredients. From elegant dining to more casual fare, the menu offers a variety of options to tantalise your taste buds.

There are some exciting opening offers available to celebrate the expansion, including special room rates, spa and dining credits, late check outs and a complimentary bottle of prosecco for the room. Keep an eye on the website for all the latest offers www.bartonmanorhotel.co.uk
