"Kilimanjaro + Safari

Our experience with Fair Voyage was nothing short of AMAZING! My family (including my spouse and 11 and 13-year-old boys) LOVED the Lemosho route to the summit of Kilimanjaro! The guides (Francis and Juma) and porters were supportive and kind. The kids enjoyed the monkeys at the beginning of the route and at Big Tree Camp. Being above the clouds on most of the trail felt heavenly! The tents and food were fantastic. We also learned Swahili from our guides. Our post-Kilimanjaro Safari was just as incredible. Our guide Laurent was perfect in every way! He was a fantastic cultural and animal guide – he told the best stories about wildlife. Plus, he was hilarious! Our safari lodge was out-of-this-world and we enjoyed every minute. Be sure to ask for your travel packing list soon after you make your reservations with Fair Voyage to make it process easier. Everything with this company went smoothly. This was such a relief since our family is new to international travel. Bon Voyage!"
