NEW BEGINNINGS FOOD OUTREACH
Acworth, Georgia.

FIGHTING HUNGER 🧠

Food insecurity is a grave issue in communities all over the United States. New Beginnings works to fight off this problem in the Bartow County community.

Many children enrolled in local school systems rely solely on the meals received during school hours. This leaves children and parents with little on the weekends, summer, and holiday breaks.

THE MISSION 💡

Supporting individuals and families of the Acworth community in the fight against hunger is the organization's main priority.

Every week committed volunteers work to numb the pain of hunger one food box at a time; striving to provide more food every Friday - and lose no momentum of helping those in need.

KEY ACHIEVEMENTS 🏆

Five years ago, New Beginnings served over 7,200 people. To achieve this, approximately 68,000 pounds of food was distributed.

As a non-government funded organization, they lean fully on community donations. New Beginnings takes great pride in the support of dedicated volunteers and donors.
