

# HEALI

**PEEL IT. HEAL IT.**

Infused with magnesium, menthol and a dose of style, HEALI is a therapeutic kinesiology tape that has reinvented pain relief, naturally.

Prior to HEALI, you had to choose between kinesiology tape or pain creams. HEALI throws away that dilemma, by offering you both in an easy-to-apply, convenient solution.

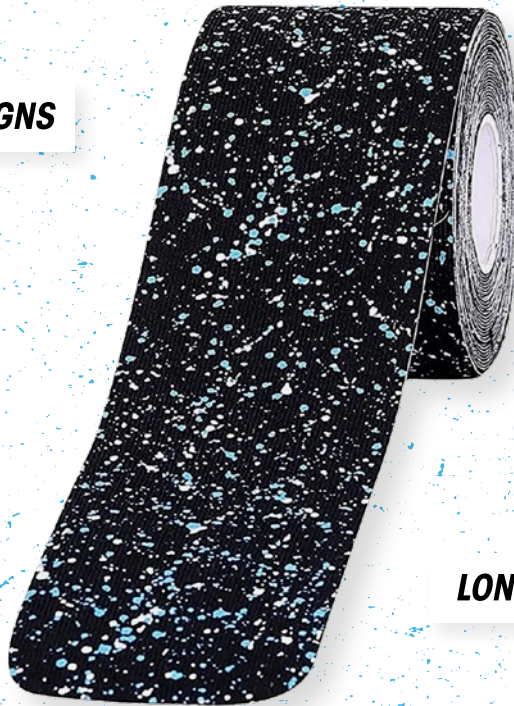

Created and trusted by healthcare practitioners and athletes.

# THE SCIENCE. HOW DOES IT WORK?

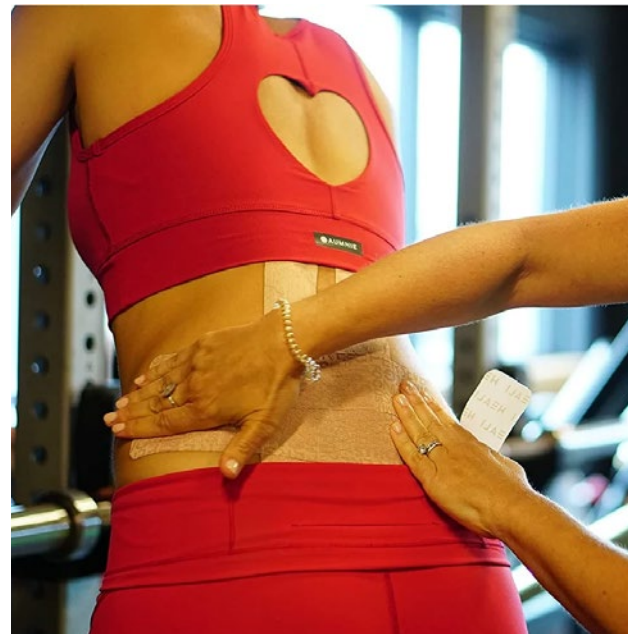

## MAGNESIUM

Magnesium is a wonder element that helps with so many enzymatic reactions in our body. It is also one of the most common minerals depleted in our population, so HEALI can help your body heal and give it so much more.

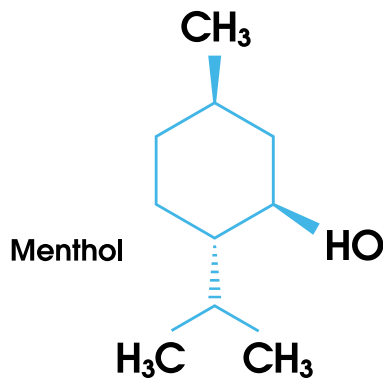

### IT HELPS WITH:

- Decreasing muscle tension and stiffness
- Speeding up recovery through decreasing lactic acid build up
- Preventing injuries
- Hydration. Did you know that magnesium is an electrolyte?
- Pain prevention, by preventing spasms, twitches and cramps (including pre-menstrual pain)
- Sleep by increasing serotonin + regulating melatonin production
- Stress relief + relaxation through balancing stress hormones.

## MENTHOL

Menthol is sooo cool, literally! Menthol is a well-regarded, therapeutic tool with a long history of providing on the spot, fast pain relief.

## PROVEN HISTORY AND TESTED SAFE
