

## Serve up a smoother service

Whether your customers are dining in luxury or catching a quick meal, 2C2P's payment solutions takes your service up a notch

### Collect deposits easily

Make group booking and reservations hassle-free by collecting a deposit easily and securely

### Comprehensive payment options

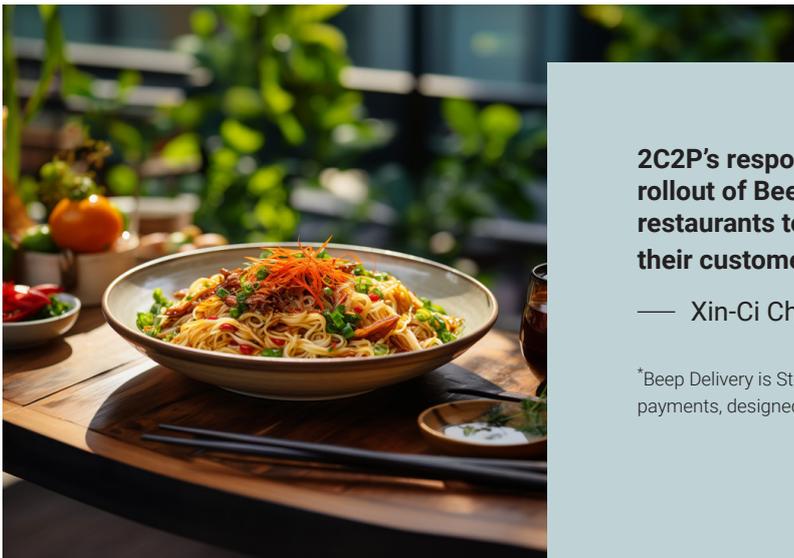

From cards to mobile wallets, offer your customers their preferred payment options in every market

### Connect to providers

Easily integrate 2C2P's payments tech to your table ordering or POS provider.

## Part of your secret sauce to success

**2C2P's responsiveness was key to enabling the successful rollout of Beep\* within 48 hours, allowing thousands of restaurants to provide a smooth checkout experience for their customers."**

— Xin-Ci Chin, Head of Marketing, StoreHub

\*Beep Delivery is Storehub's online ordering system with integrated logistics and payments, designed to help restaurant partners run sustainable food delivery services.
