Living Room Storage

Keep your living room calm and tidy with double-duty pieces that store and organize. Hide things behind closed doors and in drawers to maintain order. <u>Credenzas</u>, <u>consoles</u>, <u>entertainment centers</u>, and media towers are spacious solutions that look good too. Consider a coffee table with drawers or a lift-top cocktail table for keeping magazines, mail, and remote controls accessible but out of the way. A beautiful basket provides a toss-it spot for belongings when unexpected guests stop by. Cover items with a blanket or throw and you're all set!

## Dining Room Storage

Holiday hosting season is in the rear-view mirror. Time to stow away special pieces! To maximize space in smaller rooms, choose a china cabinet or hutch. A wine cabinet, buffet, credenza, or <u>sideboard</u> works in rooms with more wall space. Next, go through serving dishes, linens, flatware, and glassware. If you don't use an item, consider donating or giving it to someone who will. Also, let's make 2024 the year you use your dining room for more than just special occasions. You deserve it!

## Bedroom Storage

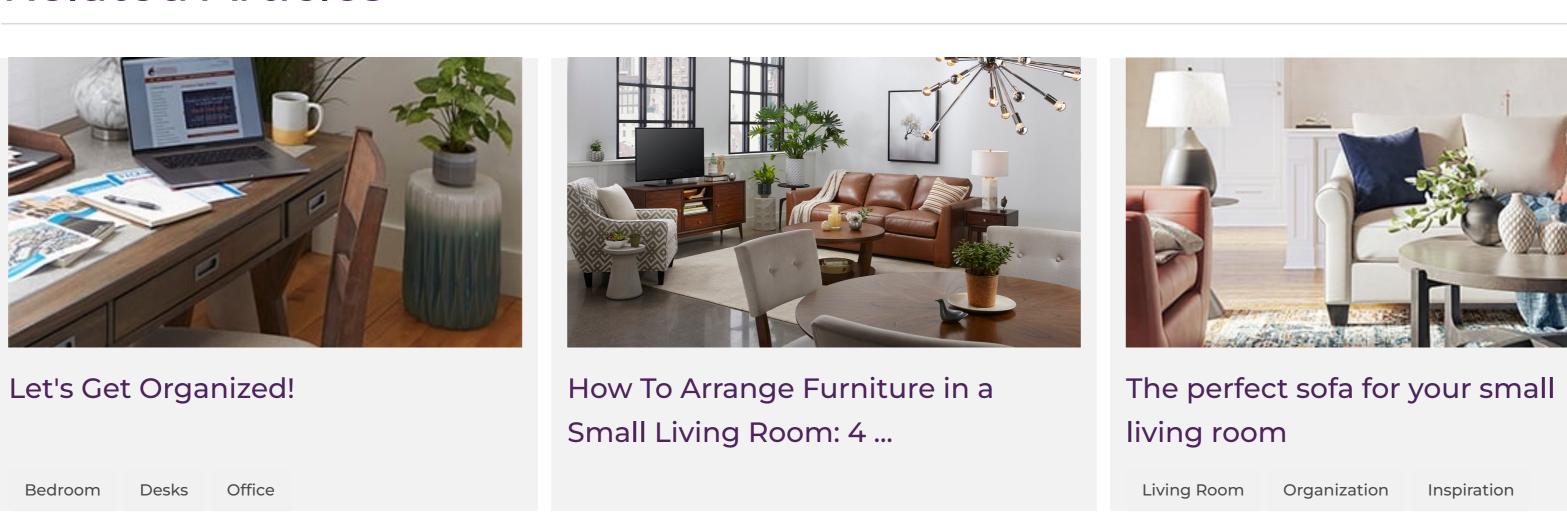

A calm bedroom (and better sleep!) begins with re-envisioning the space. From an armoire or wardrobe to a bed with storage, choose pieces that have room to keep things tucked away. A storage bench hides sheets, blankets, and off-season clothing. A <u>nightstand</u> with drawers contains bedtime essentials. <u>Dressers</u>, chests, and bookcases are also smart solutions. Bowls and trays make great spots for everything, from jewelry to bedside reading material. And, if it doesn't belong in the bedroom, relocate it, or donate it. To keep the momentum going, commit to a nightly 5minute clutter sweep.
