# Hello Summer, Hello Color!

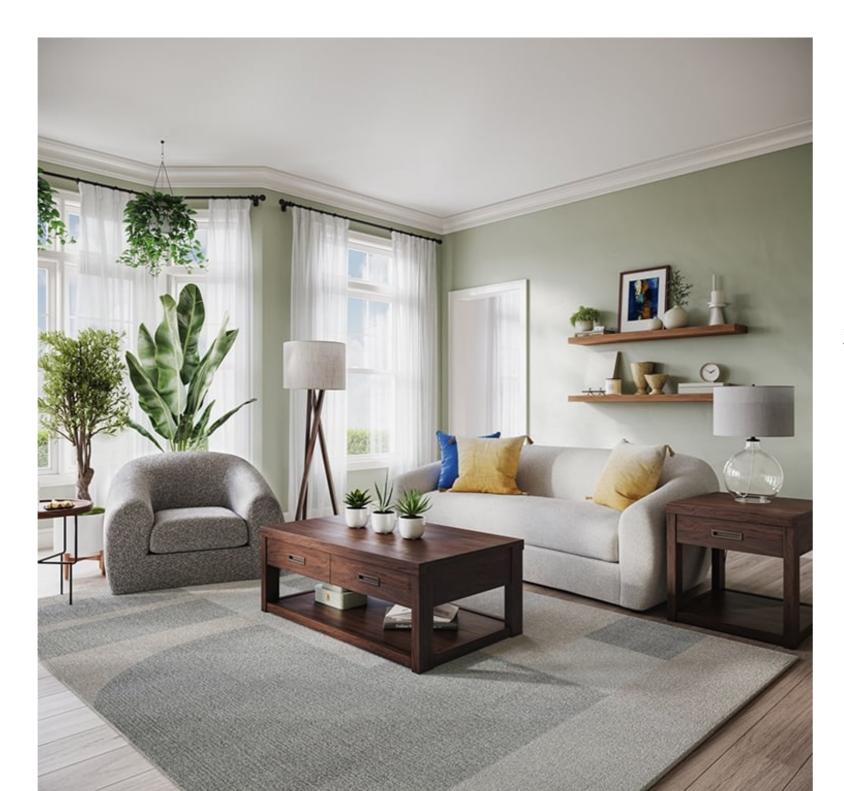

Jul 11th, 2023

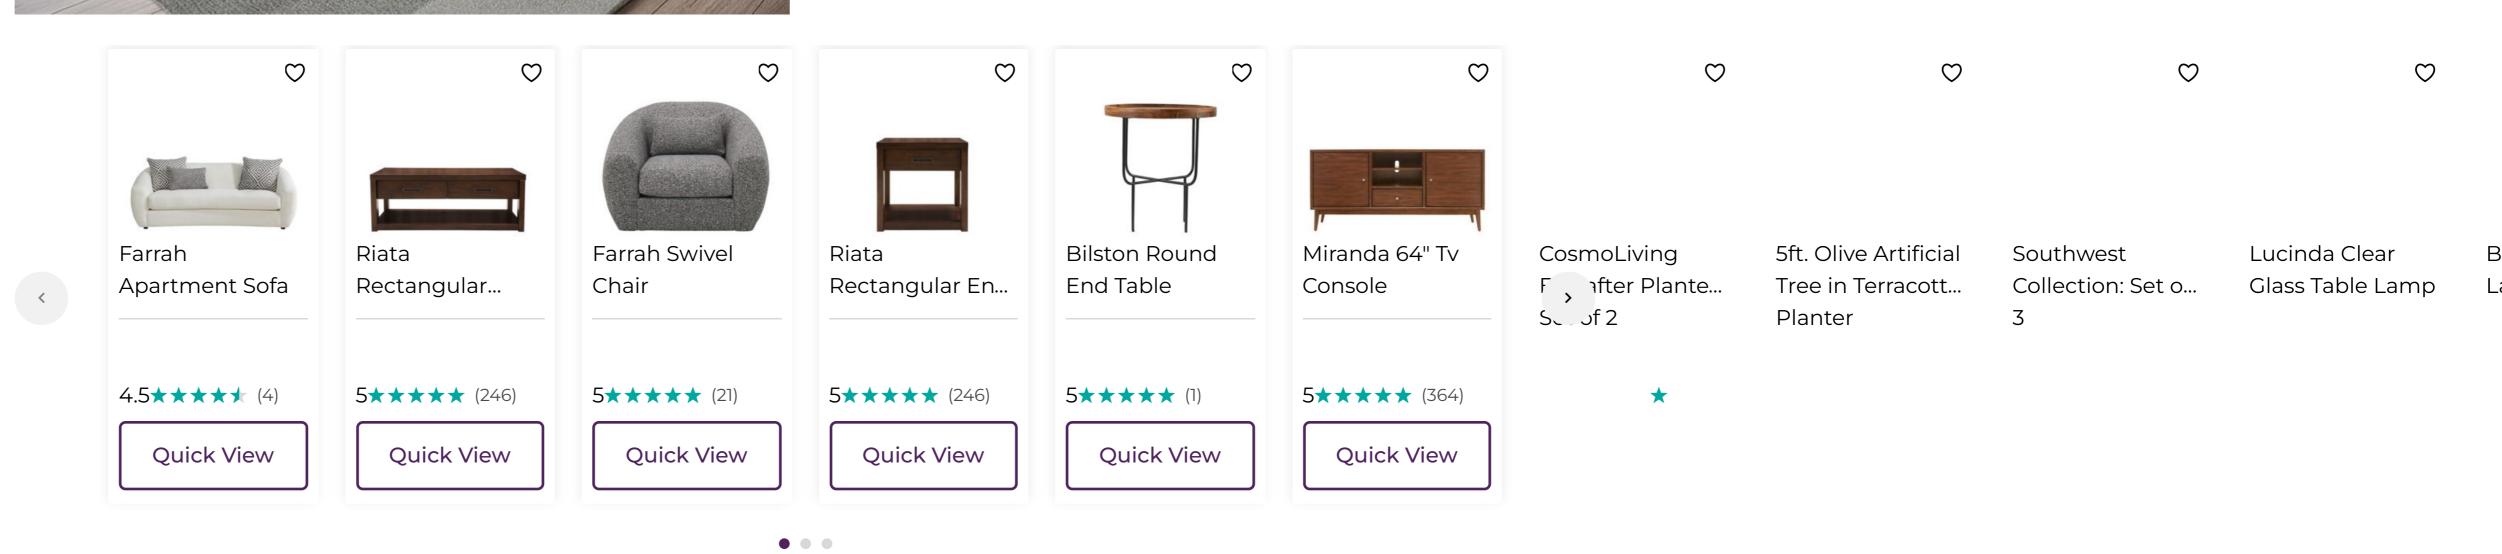

### Hello Summer, Hello Color!

This season, it's all about bright and bold hues. From runways to hallways, you'll see juicy colors everywhere, with vibrant green, orange, magenta, yellow, and blue taking center stage. Whether you just want to tip your toe into this trend or go all out, try these tips for incorporating this popular palette into your place.

Juicy

Create visual interest and excitement on a smaller scale by adding a pop of color with a vibrant pillow, vase with fresh (or faux) flowers, and exciting decor and accessories. This option is easy, affordable, and lets you experiment with different shades and how they work within your space.

### Juicier

Take it to the next level by swapping out more subdued curtains, rugs, and wall art with bolder choices that provide a refreshing contrast to the colors already in the room. Bring in smaller, colorful furnishings like an ottoman for a fresh feel and greater impact. Layer a colorful throw on a couch, bed, or accent chair for added texture and an unexpected, lively style variation.

#### Juiciest

Ready to go all in? Spice it up by painting a wall an entirely new color or going with a bold wallpaper. Pair bigger pieces that have an inverse color relationship. For instance, when incorporating a bold shade of green, opt for a more neutral brown as its complementary counterpoint. In addition to your newly curated color scheme, you can arrange furniture in different zones to play off the light and shadows in the room.
