

Guiding Principles

- This is how we talk about our Snips program. You can talk about it how you like, as long as the facts are correct. You know your audience best!
- We want to encourage ordering Snips before yardage always. It's the best way to know you'll be happy with what you're getting.
- Please use the tag #foliofam when talking about the Snips program and tag us @FolioFabrics
- Make your own images with Snips and/or use images from this [Snips Photos Folder!](#)
