

WHEN IT COMES TO WATER SOLUTIONS, NO LEAKS ARE NO PROBLEM

GET IT ALL AT GAJESKE

With **almost 40 years of expertise**, we redefine durability with our polyethylene piping systems.

They're seamlessly joined with heat fusion, so they're virtually leak-free. And, under ideal conditions, HDPE piping systems have a 100-year operating life.

Our products stand strong against corrosion, bacteria, and chemical build-up.

Call on us to help prevent costly problems down the line.

We're the perfect fit for every water application.

If you think Gajeske only supplies polyethylene piping systems, think again. **We supply solutions.**

We offer a complete range of services to assist you with any project that comes your way.
