

A scenic photograph of a lake at sunset. The sky is a vibrant mix of pink, orange, and purple. The water is calm, reflecting the colors of the sky. In the background, a dark silhouette of a forested shoreline is visible, with a rocky peninsula extending into the water on the right. The overall mood is peaceful and natural.

Handcrafted signs made in Minnesota

A small business with big heart

Whiskey River Home creates home decor reminiscent of an age where quality and craftsmanship were the standards of excellence. Each custom piece is a one-of-a-kind masterpiece handcrafted by artisans using reclaimed wood from America's heartland.

Every piece has a deep history as seen by the original markings from the working barn wood, still intact; the evidence years gone by, adding to its unique story.

Whiskey River Home has given 25-year-old Dylan Parker an incredible opportunity to pursue his entrepreneurial passions by creating handmade goods that connect with the community. Whether it's supporting other local businesses or using reclaimed materials, Dylan is excited to see what the future holds for Whiskey River Home and its customers.
