## Alpha Wolf Announce Australian Headline Tour following New Album Half Living Things

Following the release of their wildly successful third studio album 'Half Living Things', Alpha Wolf will headline an Australian tour this August.

**Australia, August 1-10, 2024** – Presented by Destroy All Lines, Greyscale Records and Sharp Tone Records, Australian metalcore icons Alpha Wolf will embark on their first Australian headline tour since 2021. Kicking off at Magnet House in Perth on August 1st, they will be supported by bands The Devil Wears Prada, Invent Animate and Thrown, amping up the crowd energy to full throttle before Alpha Wolf take the stage.

After the first stop in Perth, the tour will move on through the Forum in Melbourne, the Gov in Adelaide, Liberty Hall in Sydney, King Street Bandroom in Newcastle, and conclude

at the Tivoli in Brisbane on the 10th of August. The Adelaide and Sydney shows are open to all ages, whereas the rest are restricted to 18+ at liquor licensed venues.

The loud and heavy sound of Alpha Wolf is admired by hundreds of thousands of Australians, and a national tour of their home country is sure to be intimate and energetic. After playing a sold-out Knotfest festival in Australia in 2023 and selling out venues across North America and Europe, Alpha Wolf have made a name for themselves within the blossoming Aussie metal scene, and tickets are sure to fly off the shelves as they are released.

Tickets release for general sale at 11am on Tuesday, March 5th at [destroyalllines.com](https://destroyalllines.com), with exclusive pre-sale tickets for Destroy All Lines members available from 11am March 4th. You can access tickets here - <https://www.alphawolfcvlt.com/tour-dates>.
