

Open Source Leaders Executive Connect: Cheers to Scale, Speed, Agility and Security!

[Think-Tank & Networking]

Wednesday May 8th | 6:00 - 9:00 PM

Woods Boss Brewing Company - The Lodge
675 22nd St, Denver, CO 80205 - [[Map Directions](#)]

REGISTER INTEREST

On behalf of Fujitsu Postgres, I'm delighted to extend your exclusive invite to unwind, network and connect with prominent Open Source leaders from Denver and beyond.

Join us at Denver's esteemed **Woods Boss Brewing Company** on **Wednesday, May 8th from 6pm to 9pm**, for an evening filled with the finest brews Colorado has to offer.

Head Brewer Jordan Fink is ready to take us through some of the key particulars around what makes a great beer during our interactive tasting session and walkthrough.

Alongside this, the local Fujitsu Postgres team and **Marcos Figueiredo, Director of Global Offering Management at Fujitsu** will join us for look at the latest developments of Open Source within the Enterprise, and key considerations around innovating securely.

Join us for an exciting evening of networking and fine brew, as we chart a course into the future of OS.

The evening commences at 6:00pm with a warm welcome and content walk through. Following that, we'll indulge in a tasting session and brewery tour. We'll finish up on a high note with some substantial food and general networking.

This is a by-invitation event, places are limited. To RSVP - Simply reply to our email or register below.

Please Note: In the (likely) event the Nuggets are still hot in the NBA playoffs, we will have a screen available for viewing.

Featured Speakers:

Marcos Figueiredo

Director, Global Offering Management and Center of Excellence
Fujitsu

Marcos Figueiredo is a passionate technology thought leader with broad experience in the research and delivery of cutting-edge enterprise products and solutions. With over 15 years of experience, he is particularly interested in the intersection of open source and enterprise capabilities.

Marcos currently leads the effort in expanding the global awareness of Fujitsu's software capabilities in data management. His management of the Fujitsu Enterprise Postgres Center of Excellence is central to the mission of supporting clients and partners in the adoption of open source technologies to address the most complex and demanding challenges presented by data management.
