CA-XDX001002	07/2006	Toyota Prius

...By **FIXING** parking in **District 2!**

PARKING SOLUTION

RICHARD GREEN'S 10-POINT PLAN TO REDUCE PARKING CONGESTION:

- Diagonal parking, shorter bus stops and shorter red-tipped curbs.
- Shared-parking agreements with churches, schools and businesses during off-hours.
- Create permit parking zones.
- Automated garages and a new parking lot downtown.
- Eliminate early morning street sweeping in parking-impacted areas.
- Reduce street sweeping to once every two weeks in high-traffic areas.
- Require on-site parking for all new commercial and housing projects.
- Keep high-density projects along the transit corridor and off interior streets.
- Require off-street parking for multiple vehicles owned by one business.
- Create a neighborhood parking advisory committee.

**Tired of parking problems,
parking tickets and parking
congestion? Don't send a
candidate to City Hall who
doesn't have a plan.**
