

## To Work Smart, You Need to Focus

Imagine concentrating on your HR strategy and goals while day-to-day HR operations efficiently hum along in the background.

IBM offers a full menu of HR services, ranging from recruiting, payroll and benefits – to learning – to reporting and analytics. Your employees, managers and HR professionals can enjoy a quality experience delivered through web, voice or chat options. By providing the flexible, tactical HR support you need, IBM can help you reinvigorate your HR strategy and increase employee satisfaction.

IBM Global Process Services can help differentiate your enterprise by adding innovation to your business processes. Learn more at [ibm.com/services/process](http://ibm.com/services/process)

A Smarter Planet starts with a smarter HR department.

Let's build a Smarter Planet.
