In²science^{UK}

Our mission is to unlock young people's potential, removing barriers to opportunities and empowering the future generation of STEM professionals.

In²careers

In²STEM

In²research

In²careers

The In2careers platform provides access to opportunities including employability workshops and skills clinics, peer mentoring, industry networking and events, work experience and internships

Join In2careers here!

In²STEM

Our In2STEM programme offers 16-19-year-olds passionate about STEM the opportunity to take part in online and in-person activities to deliver the skills, knowledge and confidence needed to excel.

In²research

Our year-long programme complements studies or work and helps to pave the way for postgraduate research degrees and academic careers. The programme includes an eight-week summer research placement, mentoring, workshops and more.

Unlock your potential:
building brighter STEM futures together

"Having the chance to experience engineering at the University of Leeds first-hand... the opportunity to speak to engineers... has made me realise that there are a lot of options and not one path to achieve it."

-Nunem

In2STEM participant

"Their ongoing work makes me feel that much more confident in knowing what STEM careers are out there and how to land them. I simply can't appreciate In2careers enough."

-Hilina
