Suitable for children aged 3-9, this LeapPad has everything your kids need to learn and play. With a learning library of over 800 books, videos, music and games and 8GB of memory, this LeapPad also has a kid-safe web browser which allows children to browse the content they are interested in. It has also been designed specifically for kids with a wrap-around bumper and shatter-safe screen, so there's no need to worry if they drop it.

### **Amazon Fire 7 Kids Edition**

Price: £99.95

Where to buy:

<http://www.johnlewis.com/new-amazon-fire-kids-edition-7-tablet-quad-core-fire-os-7-wi-fi-16gb/p2217903>

This Fire Kids Edition has 16GB of internal storage at a great price and comes with a durable case and a two-year guarantee, covering damages. This tablet is amazing for games, apps, books and videos, keeping your kids entertained for long periods of time. This tablet also has a battery life of up to 7 hours, so there's no need to worry if you're taking a long journey. There are also millions of e-books to choose from the Kindle Store and thousands of audiobooks from Audible so your kids can keep reading and learning on the go.

### **Kurio Tablet 2**

Price: £89.99

Where to buy:

<https://www.amazon.co.uk/Kurio-Motion-7-Inch-Tablet-Android/dp/B0122Q1UOO>

This Kurio Tab 2 is preloaded with more than 40 apps, including e-books, educational apps and popular games that are ready to play straight away. With internet filtering, the tablet is completely kid safe and there is even a time control application so you can set up how long they can spend on their tablet through the week and on weekends. There is also a 2-player motion edition so your kids can interact and play together which makes this tablet super fun.
